## Preface

This body of work has taken 38 years of record searching in courthouses, interviews with living relatives, cemeteries, microfilm reading of census records, deeds and most important of all...libraries from the local town library to the National Archives, resources gathered from all over Missouri and Tennessee.

I have had help from many researchers sharing their research over the years with the intent that one-day, I would be able to compile and share what was found with others. It is with great pleasure I am able to share this accumulative descendant research in this comprehensive volume of work.

First and foremost, please make copies of this file for future preservation.

## Layout

There are several sections in this book.

- [1] 42-page descendant chart of Henry Pratt's family comprising of 4 generations.
- [2] Most descendants have basic information some with Cradle to Grave Profiles (C2G) followed by notes comprised of very important source documentation and research recommendations.
- [4] Most descendants have spousal information including children and their spouses. If further information is wanted concerning allied families, please contact the author.
- [5] Names highlighted in **blue** are the author's direct line ancestors.
- [6] The end of the book has the author's pedigree showing his relationship to the common ancestor. Also, there is a short biography of the author explaining his interest and qualifications in family history research.

I hope you will share this book with others in your family and it will become a family treasure.

Any questions you may have concerning information in this book can be asked of the author either at his home address: Floyd Pratt, 4000 20<sup>th</sup> Street West Apt 113, Bradenton, Florida 34205-5057 or by phone 941.209.1701 or by email [floydpratt59@yahoo.com](mailto:floydpratt59@yahoo.com).

It is and always has been my desire to share what I have found with others so they may use our research as a springboard to launch their family histories. Only through knowing our ancestors...can we know ourselves.

## First Generation

1. **Henry Pratt**, son of **Cherokee Pratts**, was born from 1800 to 1803 in Greene, Tennessee, United States, died from 1841 to 1850 at age 41, and was buried from 1841 to 1850 in probably Hamilton Hollow Cemetery, Hamilton Hollow, Johnson Twp, Washington, Missouri, United States.

### **Cradle to Grave (C2G) Profile for Henry Pratt by Floyd Thomas Pratt F.H.C., M.A.G.I. 5 July 2010**

In harmony with the first law of genealogy or family history research, i.e., documentation, I submit my famous Cradle to Grave (C2G) Profile on this subject including all known documentation presented for the serious researcher. This has been done to help the serious researcher continue in their thirst for family history knowledge without a duplication of effort. All I ask is that you acknowledge my contribution to your family history research. My gift to you...Floyd Thomas Pratt F.H.C., M.A.G.I.

### **1800-1802 Birthblock for Henry Pratt son of Cherokee parents**

Date from the 1810 census states he was born

Date from the 1820 census states he was born

Date from the 1830 census states he was born between 1800-1810.

Date from the 1840 census states he was born between 1791-1800.

[The common denominator in each census is 1800. The range of birth is from 1790-1810. I dismiss 1810 because he was married October 3, 1820, therefore he would not have married at 10 years of age. Usually men married at 18-30 range. If this was true with Henry then his birth would be from 1790-1802. Therefore, his birth could have been from 1790 to 1802. Also, most likely he married close to his age. We do know that Nancy ( **CARTER**) was born 1802-1804, therefore Henry probably was born 1800-1802.]

### **1818 Franklin County, Missouri Territory organized**

Though still recognized as the part of the Missouri Territory, in 1812 there were 5 counties; St. Charles, St. Louis, Ste. Genevieve, Cape Girardeau and New Madrid. By 1813, Washington County was created and in 1816, Howard County followed by Jefferson, Franklin, Wayne, Lincoln, Madison, Montgomery, Pike and Cooper were created in 1818.

Henry Pratt and Nancy Carter were married on 3 October 1820. Peter Harmon (Nancy's uncle) is surety ceremony performed by William Jones.

### **1821 State of Missouri Created**

The land that is now Missouri was acquired from France as part of the Louisiana Purchase in 1803 and became known as the Missouri Territory on June 4, 1812. The southeastern portion of the territory was admitted into the union as the State of Missouri the 24th state on August 10, 1821. As other states were created from it's huge territorial boundaries, Missouri settled on its present shape as it is found today.

## **1838 Forced Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**". In this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by the 1840 census.-Floyd Thomas Pratt

## **1839 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried which was Cherokee tradition. More in the book "**Henry Pratt Family of Greene County, Tennessee**" (2003) by Floyd Thomas Pratt 2008

## **1839 Good Friends**

**by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

# Henry Pratt and Descendants

---

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family. When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship. When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land. Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt. Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

## **1841 Childbirth of daughter: Matilda Jane "Janie" (PRATT)**

Matilda Jane "Janie" (**PRATT**) was born in Richwoods Twp, Washington, Missouri, United States on 20 October 1841.

## **1841-1850 Death of Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" (**PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 Crawford County census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel (**MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy (**CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca (**PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **1841-1850 Burial of Henry Pratt**

If Henry Pratt did die in the Pratt log cabin above Pratt Spring in Hamilton Hollow then he would have most likely been buried in what is now called Hamilton Hollow Cemetery, Hamilton Hollow, Johnson Twp, Washington, Missouri, United States. This would explain why his wife; Nancy (**CARTER**) Pratt Blanton was buried there in 1875 and why when their son; Alexander R. Pratt died in 1912 at the home of his daughter; Thomas Livey & Polina (**PRATT**) Callahan in Cherryville, they were going to take him to be buried near Sullivan, but because of the ice storms the night before, they could not get the wagon up the icy roads and back to Sullivan so they buried Alexander in the Freeman Cemetery at Cherryville. Also, the Hamilton Hollow Cemetery was named after the Hamilton Furnace Company, who bought the Blanton property in 1875. I have no information what that cemetery was named prior to that time, but there is evidence that cemetery was in use long before being named Hamilton Hollow Cemetery. Henry's brother-in-law Absalom Blanton and Henry's sister and wife of Absalom; Cynthia Ann (**PRATT**) Blanton are buried in the Blanton Cemetery across the hill from the Hamilton Hollow Cemetery called the Blanton Cemetery.

## **Blanton Hollow now known as Hamilton Hollow**

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

There are two cemeteries on the hills at Hamilton Hollow across from each other. One is called Hamilton Cemetery and the other is the Blanton Cemetery. There are only a few headstones that have survived but both have many indentations in the ground where people have been buried.

Since the Pratt's were of Cherokee ancestry, the government made sure that native indians were not allowed to prosper. This included preventing them from voting, buying and selling land, holding legal offices and even buying fishing licenses and they suffered other abuses kin to the way the whites treated their black slaves.

Therefore, there were many mixed native families living in the 39th and 40th townships of Johnson Township in Washington County, Missouri. These families found a common bond by seeking refuge from the abuses of the whites by living in close proximity. Only by marrying into local white families did these mixed natives begin to gain acceptance after the turn of the century.

In the meantime, they survived by hunting and cutting wood ties and staves for the railroad and mining companies.

My grandfather; Columbus Benjamin Alexander Pratt known as "Lum" to his friends was not only taught those trades by his father; Henry Winslow "Win" Pratt, but also became known as an accomplished concrete and rock mason. My dad has shown me many structures still standing in Bourbon and the surrounding community that my grandfather had built.

Hamilton Hollow was named after the Hamilton Iron Works Mining Company who purchased the land from Absalom Blanton's son; Alexander A. Blanton Sr. in 1872 which comprised of property around Henry Pratt's log cabin and Absalom Blanton's mansion which has now become known in these latter days as Hamilton Hollow.

The old maps of the region show that the hollow was named Blanton Hollow in honor of Absalom Blanton and the creek the Blanton Creek. Near the creek is a cold water spring now

---

called Pratt Spring named by the Missouri Corps of Engineers in honor of where Henry Pratt had built his log cabin on the bluff above. The large cave near the spring is named Pratt Cave.

Absalom Blanton had bought this property on 3 November 1849 and developed a mining operation which employed many in the area. He built a large mansion with a winding staircase, which has been written in numerous local newspapers. Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

## Name Confusion of Henry Pratt

Concerning his name the following should be noted:

[1] In the Goodspeed's article Sarah Ann Pratt says her father's name is " *John Pratt, an old honored citizen of Tennessee*". Goodspeed published this article in 1888. Sarah Ann died in 1896, therefore she probably gave this information to the reporter who wrote the Goodspeed Article on John A. Blanton. (see John Anderson Blanton's notes for the article.) This is one account of a first name of John. However, most likely someone else gave this information to the reporter. Henry Pratt was never an honored citizen of Tennessee. He and his family were forced on the "Trail of Tears" due to his Cherokee ancestry.

[2] William Jesse Blanton told me that Luther Blanton, son of William Wesley Blanton, grandson of Cynthia Ann Pratt, told him that Henry Pratt's name was John Henry Pratt. Now of course, Luther wasn't born until 1881, also Henry Pratt died between 1841-1850, therefore his remembrance is strictly hearsay because Henry died 30 years before Luther was born and he never knew him!

[3] In the book, "**A Century Passes, The Story and the City of Sullivan**", 1955, Page 21: "*But all was not work and war in that first decade, there was a colorful social life as well. And there were weddings then too, and large families. August 10, 1861, John A. Blanton and his wife, Sarah A., daughter of John Pratt, celebrated their tenth wedding anniversary. There were 15 children born to this union.*" This was written in 1955 so there is a possibility that they extracted their information from the Goodspeed's story of 1888.

[4] Darlene Schatz said that her Grandma Dace, (she would be Sarah Ann ( **BLANTON**), daughter of Elbert Blanton, granddaughter of Henry Pratt) used the name of John Henry Pratt. Sarah Ann Blanton was born 1865, fifteen years after Henry's death. Therefore, she was not personally acquainted with Henry Pratt. Again heresay, no documented written evidence. See my 300+ page book "**Henry Pratt Family of Greene County Tennessee**" © 2003 by Floyd Thomas Pratt for a 15 page discussion concerning the fallacy of the John Henry Pratt name. [It has been posted for free on [www.ancestry.com](http://www.ancestry.com) in my Pratt Progenitor Papers family tree in Henry Pratt's file] Floyd Thomas Pratt 2008

## Other Pratts

Other researcher's claim that the Henry Pratt in the 1810 Washington Co., Va census had possible sons named Fulden, Oliver and Bernard. If this is true, our Henry Pratt does not name any children with those names. However, in Greene Co., Tennessee at that time was a James Pratt Sr. from North Carolina. Since Henry and his sister Cynthia both named their first son James it seems logical that James Pratt Sr. would be the direction in which to pursue research. However, what bothers me about James Pratt Sr. is...his children. James' daughter Nancy (**PRATT**) married Robert Stuart in 1808, James Pratt Jr. married Susanna (**COUCH**) in 1809 and Polly (**PRATT**) married Jacob Harmon in 1811. These children were marrying almost **10 years before** Henry Pratt was married and **15 years before** Absalom Blanton married Henry's sister; Cynthia Ann ( **PRATT**). This makes their birthdates about 1785-1790, too old to be the family of Henry and Cynthia. Maybe James Pratt's family

was large and spread out over a long period of time. A complete dissertation on the above comments is available in the book "**Henry Pratt Family of Greene County, Tennessee**" by Floyd Thomas Pratt (2003)

## **Why did Alexanders R. & Mary (KIMBERLIN) Pratt name one of their sons; Henry Winslow Pratt?**

**by Floyd Thomas Pratt F.H.C., M.A.G.I. 2009**

The name Winslow is so unusual it is hard to determine where it came from. I can find no references or articles to famous people carrying that name circa 1860's or around the time of Henry Winslow Pratt's birth (1869). I can not find any family member in the Pratt, Carter, Blanton or Kimberlin lines that carried the Winslow name. However, there is a long shot I found through my research efforts, that may have a clue to the origin of the name.

David Jackson Staples married Mary Pratt (**WINSLOW**) in Boston, Massachusetts in 1848. This was the same year that gold had been discovered on the American River in California. David decided he had to go west to seek his fortune and with 25 men, including Mary's brother George Winslow from Newton, Massachusetts and her Uncle Jesse Winslow and others, formed the Boston-Newton Joint Stock Association.

In 1848 and with the intent of going to California to participate in the gold rush, David Staples kept a journal of the trip. Traveling by train and lake steamer they reached Ohio without incident. After reaching Cairo, Illinois by April 27th and heading north to Saint Louis (City) for provisions, the party was spurred on by a cholera epidemic in St. Louis and left for Independence, Missouri by paddleboat up the Missouri River.

On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, *a party"....returning haveing lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco.

## **Presumptive Conclusions**

The following questions and assumptions are based on several coincidences from the David Jackson Staples story. These queries are meant to provoke contemplation and engage the reader into action, so someone, somewhere will desire to investigate and find the answers.

(1) Could the Mary Pratt (**WINSLOW**) from Newton, Massachusetts, that married David Staples have been a relative of Alexander or one of the other Pratts?

(2) Was Alexander Pratt familiar with the Boston Pratts?

(3) When the Staples party left St. Louis by paddleboat, they probably traveled the Missouri River.

(4) They may have stopped at Hannibal, Missouri for provisions. Hannibal is not far from our Pratts in Crawford County.

(5) Did the Staples-Winslow party stop and visit with the Pratts from Crawford County,

# Henry Pratt and Descendants

---

Missouri?

(6) One thing is known...Alexander Pratt went to the California gold fields in 1848-1849. This story was passed down by Alexander to his son; Carac who told his son; Orville, who told me in the 1980's before he died about Alex making the trip to California.

(7) I have always speculated that if Alexander went west in 1848 to California for gold, he didn't go alone. I believe some of his brother's and maybe his father; Henry Pratt accompanied him.

(8) Let's take this one step further, could Henry & Alexander and his brothers have hooked up with the David Staples party when they were going through Missouri at about the same time?

(9) Could Henry Pratt, who we know was alive in 1842, could he have died on the trail out west? His wife, Nancy (**CARTER**) Pratt is a widow by the 8 October 1850 census date. After 35 years of researching, we still do not know where or when Henry Pratt died.

(10) David Staples' Journal says that "*a party of their group lost a husband father and friend due to the cholera epidemic and returned*". Could this have been Henry Pratt who died on the trail and his sons returned home to Crawford County, Missouri?

(11) Alexander is in the 1850 census with his mother and brothers. Why didn't he continue his westward trek to the gold fields of California? What would force him to return prematurely? Maybe the death of their father?

(12) Did Alexander's association with the Staples and Winslow men on the trail create an impression on Alexander, that in 1869 he named one of his sons--Henry after his grandfather and Winslow after his good friend George Winslow of Newton, Massachusetts?

(13) Alexander's son; Stonewall Jackson Pratt after reaching adulthood, dropped the "Stonewall" and took the middle name of "Newton". All the while he was alive in Columbia, Missouri since his adult life he was known as Jackson "Jack" Newton Pratt. Where did he get the name of Newton? From Newton, Massachusetts?

(14) Henry Winslow Pratt named one of his sons, Jesse Lee Pratt in 1894. I can find no previous references to the name Jesse in the Pratt, Kimberlin, Missey families other than Carter family which I am sure they, meaning Henry Winslow Pratt, was not aware of...Jesse Carter Sr. his great-grandfather. The Pratts did not have any written record of their family history so I am sure Jesse Carter Sr. was unknown to them. I think Henry Winslow Pratt named Jesse Pratt after Jesse Winslow from Newton, Massachusetts, who accompanied his father, Alex and David Stapes westward to California.

(15) Once again Boston, Massachusetts pops up in my research. If the above hypothesis has any credibility, then maybe there was something to my great Aunt Eula's story about one of Jackson Pratt's boys stealing some Boston deeds from Laura (**MISSEY**) Pratt in the late 1920's or early 1930's. More on that story can be found in my article, "Who Stole the Deeds?" Should be noted that many older family members retold the stolen deed story to me, not just my great Eula Viola (**RICHARDSON**) Pratt.

I have a book titled "**Still Flying and Nailed to the Mast**", The First Hundred Years of the

Fireman's Fund Insurance Company, by William Bronson, © 1963 by Doubleday & Company, Ins. Garden City, New York. This book gives an accounting of some of the journals of David Staples and the hardships they faced on their journey to California from Boston.

When my father was in the insurance business and owned his own agency, he contracted with Fireman's Fund Insurance Company as an agent (around 1969) and they gave him this book. He later gave me the book. Little did I know the mysteries I would find concerning the Staples, Winslow and Pratt families within its pages. I found it strange that the founder of the Fireman's Fund Insurance Company had married Mary Pratt (**WINSLOW**). I realize without more collaborating evidence, the above hypothesis is purely speculation. In any case there are some coincidences that can not be overlooked. -Floyd Thomas Pratt 2009

Henry married **Nancy Carter**, daughter of **Jesse Carter Sr.** and **Susanna Harmon**, on 3 October 1820 in Greene, Tennessee, United States. Nancy was born from 1802 to 1803 near Lick Creek, Albany, Greene, Tennessee, United States, died on 17 November 1875 in Hamilton Hollow, Johnson Twp, Washington, Missouri, United States at age 73, and was buried in November 1875 in Hamilton Hollow Cemetery, Hamilton Hollow, Johnson Twp, Washington, Missouri, United States.

## **1838 Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**". in this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the Trail of Tears in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by 1840.-Floyd Thomas Pratt

## **1840-1849 Father's Family Move**

Jesse Carter Sr. moved from Regiment 27, Monroe, Tennessee, United States to 23 Subdivision of East Tennessee, McMinn, Tennessee, United States. It appears this moved was precipitated on the fact that the Cherokees were being forceably removed from prime famr land in McMinn County and the Carter's wanted to captitalize on their misfortune. Also, strange when, Henry & Nancy were forced on the "Trail of Tears" her parents didn't go with them. ## **1841-1850 Death of spouse; Henry Pratt**

Henry Pratt fails to show up in the 1850 census and is presumed dead. His last child was born 1842 therefore it is likely he died 1841-1850.

## **1841 to 1850 Death of Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca (**PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **Research Note**

Verification of date of death and burial location of Cynthia should be obtained from the local newspapers at the time of death. Absalom Blanton was a prominent businessman and employed many of the locals in his mining operations throughout the area. His mansion mentioned in several publications gives credence to his affluent and properous lifestyle. When I checked the newspapers of the Sullivan and surrounding areas back in the late 1970's and early 1980's, I did not know as much as I do now and overlooked key elements that I was not aware would be of value and interest to the Blanton-Pratt family history research community. Now, it is your turn to dig into those newspapes and extract the valuable and needed information to verify and answer some of the mysteries of these families.

## **1852 Marriage of widower Absalom Blanton and widow; Nancy (CARTER) Pratt**

[1] Crawford County, Missouri, Marriage Record Book "A", page 208

Widower Absalom Blanton and widow Nancy Pratt were married on 21 March 1852 in Crawford, Missouri, United States.

## **Research Note**

This marriage was probably a marriage of convenience. Absalom and Nancy were white with no native ancestry whereas, their children were ½ Cherokee. After the death of Henry Pratt; full blooded Cherokee and Cynthia ( **PRATT**) Blanton; full blooded Cherokee, then Absalom and Nancy found themselves still interacting with their children whom had intermarried through 5 connections. Henry had died after the birth of his daughter; Matilda in 1841, and I presume he may have been the one mentioned in the diary of David Staples as they recorded on the way out to the 1848-1849 gold rush in California. David Staples diary stated, *"On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, a party....returning haveing lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the *Fireman's Fund Insurance Company, in San Francisco.* [See C2G Profile for Henry Winslow "Win" Pratt for complete details.] Cynthia died between 1850-1852. With such a rich history of family ties and coupled with the convenience of Absalom Blanton's large house and well to do financial circumstances, then this marriage seemed convenient for both parties and I am sure was accepted by the children with astounding approval.

## **Research Note**

Finding the death date of Absalom Blanton was an accident. I started to record all the property transactions I could find on the Blantons and Pratts and found very little on the Pratts. When I inquired from other fellow researchers concerning Absalom's death date none of them knew or had any idea when he died. Being a "hands-on" researcher and getting into those courthouse records which I enjoyed so much, I took many trips down in Potosi and sat at those tables in those dusty record rooms. One such occasion, I was recording as many of the deed records as time permitted, I ran across a Quit Claim Deed, Washington County, Missouri Deed Record Book "U" page 322, May 3, 1872 which I have recorded in its entirety below. In the actual deed itself, the date of death for Absalom Blanton was recorded!!!! I was elated and excited and shared with everyone my findings as they have always shared with me their research and discoveries. If more researchers would take the time to dig into those records in those courthouse vaults, many of our family history mysteries could be answered concerning our ancestors. ## 1875 Burial of Nancy (CARTER) Pratt Blanton

Since many of her Pratt children are buried in the Hamilton Cemetery, Hamilton Hollow, Johnson Twp, Washington, Missouri, United States, then most likely she is buried there also. Son, Alexander R. Pratt was living in the Hamilton Hollow area with his family and as executor of her estate he probably buried her in the Hamilton Cemetery. Checking the local newspapers for a death notice might reveal her interment location.

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**". In this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by the 1840 census.-Floyd Thomas Pratt

## **1939 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberlin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried which was Cherokee tradition. ## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family. When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship. When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land. Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt. Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

## **1841 Childbirth of sister; Matilda Jane "Janie" (PRATT)**

Matilda Jane "Janie" ( **PRATT** ) was born in Richwoods Twp, Washington, Missouri, United States on 20 October 1841.

## **1841-1850 Death of father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT** ) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 Crawford County census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER** ) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER** ) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT** ) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **1840-1843 Marriage of Henry H. Hansel and Susanna Rebecca (PRATT)**

Henry H. Hansel and Susanna Rebecca ( **PRATT** ) were married between 1840-1843. These dates have been arrived through deductive conclusions. Their first child, John W. Hansel was born in 1843 in Missouri. Susan A.[Ann] was Henry H. Hansel's second wife because he was 39 years old when they married. Also, we have proven his first marriage. Susan was 18 years younger than Henry H. Hansel. As of this date we cannot find any verifiable date or place. Probably married at bride's parent's residence. Floyd Thomas Pratt 2008

She was name after her grandmother; Susanna ( **HARMON**) Carter. Also it appears the censustaker made another error with Susan Jane. Not only did he get the middle initial wrong, but he also got the sex wrong.]

## **1851 Childbirth of daughter; Mary Eliza (HANSEL)**

Mary Eliza (**HANSEL**) was born 5 September 1851 in District 24, Crawford, Missouri, United States. Even though the 1900 census states she was born September 1850 since she is not with her parents on the 8th of November in the 1850 census then it appears she was born after November or in September 1851. I think it is more like 5 September 1851.

## **1852 Spouse's Property Transaction**

Pursuant to the 1820 Land Act, in 1852, Henry Hansel purchased 40 acres in Boone Township off Carter Creek in Crawford Co., MO. This purchase is filed in the St. Louis Land Office #226 in 1856.

This property became the Hansel homestead. Henry also co-founded a cemetery there; New Rock Creek Cemetery and New Rock Creek Church. The Hansels were Methodists. Their homestead lay across from the cemetery on the north side. (see map in Henry Hansel notes)

## **1852 Marriage of widower Absalom Blanton and Mother widow; Nancy (CARTER) Pratt**

[1] Crawford County, Missouri, Marriage Record Book "A", page 208

Widower Absalom Blanton and widow Nancy Pratt were married on 21 March 1852 in Crawford, Missouri, United States.

## **Research Note**

This marriage was probably a marriage of convenience. Absalom and Nancy were white with no native ancestry whereas, their children were ½ Cherokee. After the death of Henry Pratt; full blooded Cherokee and Cynthia ( **PRATT**) Blanton; full blooded Cherokee, then Absalom and Nancy found themselves still interacting with their children whom had intermarried through 5 connections. Henry had died after the birth of his daughter; Matilda in 1841, and I presume he may have been the one mentioned in the diary of David Staples as they recorded on the way out to the 1848-1849 gold rush in California. David Staples diary stated, *"On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, a party....returning haveing lost a husband father and friend of Cholera."* Who this was and the

party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco." [See C2G Profile for Henry Winslow "Win" Pratt for complete details.] Cynthia died between 1850-1852. With such a rich history of family ties and coupled with the convenience of Absalom Blanton's large house and well to do financial circumstances, then this marriage seemed convenient for both parties and I am sure was accepted by the children with astounding approval.

## **Research Note**

**Susan's Name** There is evidence that Susan ( **PRATT**)'s middle name may have been Rebecca. In the 1880 census of Boone Township of Crawford County, Missouri, there is a

# Henry Pratt and Descendants

---

Rebecca Hansel living with the George W. Davidson family. The only record we have reporting Susan (**PRATT**) having a middle initial is the 1850 census.

Upon examination of the census, my first impression looks like the middle initial is an "A". However, the census taker may have written the initial meaning it as an "R". Notice the differences between the "A"'s following Susan's and the R's.

Some researchers, including me thought that maybe her middle name was Ann. However, I don't think Nancy would have named two daughters with the same middle name of Ann. (Sarah Ann (**PRATT**) who married John Anderson Blanton).

Also, we know of all but James Pratt and Lorenda (**PRATT**)'s middle initial or name of each of the Pratt children. So, it would be in harmony that Susan would have a middle name also.

The Davidsons are on page 33b of the 1880 census and Susan's son, John and family are living a few doors down next to the Lewis Brandt family and the Allen Carter family on page 27a & 27b. Not far from his mother.

Couple this with her obituary stating that she died at her son's home on 22 December 1881 and we can see the close association to the Davidson family residence as being a reasonable trip to her son's house when she fell ill.

Concerning her age in the 1880 census, chalk this up to the Davidson's best guess when the census taker asked her age. Maybe the Davidsons called her Rebecca or gave the census taker her full name Susanna Rebecca Hansel and the census taker used Rebecca.

There are no other Susan or Rebecca Hansel's listed in the 1880 census of Missouri from Tennessee. Also, there are no Rebecca Hansels in the 1850,1860,1870 census of Missouri.

Also, consider this, since the Cherokee lifestyle was based on a matriarchal society, I'm sure Nancy named most of the children. If Nancy named her first son, James Pratt after her husband's father, then maybe she named her first daughter, Susannah after her mother, Susannah (**HARMON**) Carter, and her middle name of Rebecca after her husband's mother's name.

Therefore, I have come to the conclusion, that Rebecca was her middle name based on the 1880 census with the following supporting evidence;

- [1] The census has the correct state of birth for both her and her parents.
- [2] The age stated in the census is close to the correct age of 59/60.
- [3] She is correctly listed as a widow.
- [4] Listed as an "other" meaning a border concerning her relationship to the Davidsons.
- [5] Living in close proximity of her son, John, in the same area and township and with the verification of her death place in the obituary, I would say that Susan was Susanna Rebecca (**PRATT**) Hansel.

Now, what about that "A" as her middle initial in the 1850 census. I think I know what happened. When Hawkins, the census taker was asking for full names of family members, which he abbreviated the middle name with an initial, Susanna told him her name was Susan-anna

# Henry Pratt and Descendants

---

Hansel. This sounded like her name was Susan "A" for Anna. So he put down the initial "A" when he should have written Susanna with middle initial "R" for Rebecca.

I think, Susan's full name was Susanna Rebecca ( **PRATT**) named after her grandmother, Susanna (**HARMON**)...not Susan "A". Nowhere in any other document that we have found is she recorded as Susan "A".

Since Susan used "Susan" for the census and other legal documents, obviously she was comfortable with the nickname Susan.

The name Rebecca is not a dominant or casual name in the Carter side of the family. Out of 300 Carter family members, I found it mentioned once and not even in Levi Carter's line.

Could her missing marriage license have Susanna Rebecca ( **PRATT**) or Rebecca (**PRATT**), could be, but until we are able to find this record we can only guess.

## 1881 Death of Susanna Rebecca (PRATT) Hansel

Susanna Rebecca ( **PRATT**) Hansel died near Rock Church, near Carter Creek, Boone Twp, Crawford, Missouri, United States on 22 December 1881 and the location is from her obituary.

reading an article in a Lincoln Co., NC newspaper, "**Lincoln Transcript**" dated 26 Aug 1836, requesting emigrants to move to Texas at the expense of Texas. Checking the Texas 1840 census produced no results for Henry Hansel. Checking 1840 North Carolina, Tennessee, and Missouri censuses was futile in locating Henry & Jane.

## **1830-1843 Family Move**

Sometime between the 1830 census in Lincoln County, Henry lost his family and a little after 1840 arrives in Crawford County, Missouri a possible widower and marries Susanna Rebecca (**PRATT**) and settles near Carter Creek, Boone Township, Crawford County, Missouri.

What happened to his first family is unknown. Did he go to Texas after all? Where they killed? Did he get a divorce? His whereabouts from 1830 to 1843 has left us with quite a mystery.

## **1840-1843 Marriage of Henry H. Hansel and Susanna Rebecca (PRATT)**

Best guess for the date is between 1841-1842. This is based on their first-born child, John W. Hansel, who was born on 1 July 1843 in Washington County, Missouri. If we can count on the July 1st as being correct, and John was carried the full nine months, then he was conceived around September - October of 1842. Then the marriage date would have been July - August 1842.

- [1] The flaws in this logic are based on John being the first-born. Maybe he wasn't.
- [2] The birth month being July 1843, maybe wrong month and year.
- [3] Assuming he was carried the full nine months.
- [4] Speculating his conception month.
- [5] The marriage date could have been a year previously to 1842.

Since Susanna Rebecca (**PRATT**) was still living with her parents in the 1840 census of Richwoods Township, Washington County, Missouri and we can't find any Henry Hansel in the 1840 census of Missouri, we really don't know where he was in 1840.

Henry H. Hansel was 36 to 39 years old when they married. Susanna was 18 years younger than Henry.

Many have thought that Henry Hansel may have known the Pratts when they lived in Greene County, Tennessee. This line of thinking derives from Henry Hansel's cousin moving to Greene County and maybe Henry H. Hansel visited them. There are two problems with this line of thinking.

We have proven by research that the Henry Pratt family left Greene County, Tennessee around 1825 and moved to Monroe County, TN with the Jesse Carter Sr. family; Nancy (**CARTER**)'s parents. This would mean that Susan would have been 4 years old in Greene County before her move with her parents to Monroe County.

Also, Henry H. Hansel was marrying Jane (**COBLE**) in Lincoln Co., NC in 1827 and is in the 1830 census for Lincoln County, North Carolina.

Therefore, Henry would not have known the Pratts prior to Missouri unless...he had met them in Monroe County, Tennessee prior to 1839. He could have followed them on the "Trail of Tears" but highly unlikely.

# Henry Pratt and Descendants

---

Another factor is location; the Henry Hansel family shows up in the 1850 census on Carter Creek of Boone Township, Crawford County, Missouri. Not anywhere near the Pratt's homestead in Hamilton Hollow, Johnson Township, Washington County, Missouri.

This indicates that Henry Hansel wished to distance himself from the Pratts in Washington County.

There could be several reasons for his decision to move so far away from his in-laws...the Pratts.

Henry Pratt and children were poor Native Americans; Cherokees who could not own property, in fact the Pratts were in hiding from the government after jumping the "Trail of Tears" a few years earlier in 1839. Maybe Henry Hansel was well-to-do and could afford property. As a white man he could purchase property and as a citizen of the United States enjoyed all the privileges thereof.

The Hamilton Hollow area was a safe haven for native peoples. Since Henry Hansel was white, he had nothing in common with the natives. Also, there may have been bad blood between Henry Pratt and Henry Hansel. Marrying Henry's daughter, who was only 17-19 years old and considering the groom had been previously married and was 18 years her senior, may not have set well with Henry Pratt.

In any case, the Hansels lived in Crawford County and the Pratt family under Henry Pratt lived in Washington County.

Concerning the location of the marriage there are several possibilities.

I would guess an Episcopal Methodist minister married them probably in the bride's parent's home in Johnson Township, Washington County, Missouri. This would probably have been Rev. Valentine S. Carter who was a neighbor of Henry Hansel' on Carter Creek. Or, Henry Hansel took Susanna back to Lincoln County to see his folks or maybe someplace on the way. Or, they eloped to a neighboring county.

However, I have checked the surrounding counties of Crawford including St. Louis and cannot find this marriage recorded.

Why would Henry Hansel come to Washington County, Missouri where he met Susanna Rebecca (**PRATT**)? I believe the answer lies in the activities of the political climate at the 1841-1842-time period.

## **1841 Pre-Emption Act of 1841**

In 1841, Senator Thomas Hart Benton, from Missouri, co-sponsored a bill that basically stated the squatter could homestead up to 160 acres of land and purchase the land for \$1.25 per acre. This bill became the Pre-emption Act of 1841, which was passed on 4 September 1841.

I think Henry Hansel like many white Americans, wasted no time and decided to take advantage of the government's offer before all the good land was taken.

When he stopped in St. Louis to find out what land was available, they informed him that the western portion of St. Louis County to the border of Kansas was available and could be homesteaded or purchased.

# Henry Pratt and Descendants

---

He may have talked to several people and they told him of the gentle rolling hills of the western counties; i.e. Crawford, Washington, Dent with plenty of fresh water springs, fruit trees and game, which was still wide-open country. He also knew before he purchased the property, he had to "check out" the land to see if it could be farmed and suitable to his needs.

On his way west to find a suitable homestead he went through Washington County and it was at this time he probably met the Pratt family and Susanna, his future bride. I believe it was at this time he married Susanna Rebecca (**PRATT**) in late 1841 or 1842. After his marriage, he probably lived with the Pratts in Johnson Township, Washington County, Missouri.

After the birth of his first child, John W. Hansel, in 1843, he decided to find a good homestead, which led him to Carter Creek in Boone Township in neighboring Crawford County, Missouri. He found gentle rolling hills with plenty of trees for lumber and a clear fresh water stream. Also, he was near a road now known as highway FF and a trail now called Rock Road. Highway FF led to St. Cloud between Bourbon and Sullivan.

These roads gave him easy access to the main trading routes and railroads for easy travel to purchase supplies and conduct necessary business. After choosing a site he began to build his home and make improvements on the land.

## **1841-1850 Death of father-in-law; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 Crawford County census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **Research Note**

Did Henry Hansel wait until after Henry Pratt died before he married Susanna Rebecca (**PRATT**) or did he marry Susanna with Henry's blessing? This brings us back to the question...why did Henry Hansel decide to move so far away from the Pratts in Richwoods Township and settle on Carter Creek in Boone Township in Crawford County?

After the death of her husband, Henry Pratt, widow Nancy ( **CARTER**) Pratt and children are living next door to her daughter Susanana Rebecca ( **PRATT**) Hansel's family in the 1850 census. By this time, Susan had a large family (3 children) and widow Nancy moved to be near her daughter and grandchildren.

Notice the unknown son, S. M. Hansel, male 5 years old. This individual is a problem to researchers because we know a daughter, Susan Jane ( **HANSEL**), named after her mother and Henry's first wife, Jane, was born 19 April 1846 and died 15 December 1858.

She is buried in the New Rock Cemetery, which Henry had donated to the community. Her headstone reads: Susan J. Hansell, daughter of H. & S. died December 15, 1858 age 12 years, 7 months, 26 days. This calculates out to a birth date of 19 April 1846.

Therefore, she should have been listed in the 1850 census with her parents. S. M. Hansel, male, age 5...I think is really Susan Jane Hansel. Or, could actually have been another son.

## **Research Note**

In 1969-1970, John Steele McCormick after growing up in Crawford County and teaching school, decided to compile a book of the people and ancestors of those who have lived in Crawford County since the early 1800's.

This endeavor took several years and by writing to people, researching census and marriage records, John was able to published his work in 1970. This book is known as "**Forest Hills and Vicinity**". Much of the information was obtained from living descendants of those who have gone on before us, and regrettably from memory only. This lends the information to error and the book is full of errors.

Some years later he came out with an index and corections however, I would caution the reader to validate the information found within its pages and use the data as a foundation to begin legitamate research.

When I talked to John in the 1980's, he informed me that all the copies had been sold so I had to borrow a copy of the book and copied all 448 pages on a copy machine. Since then the book is out of print and hard to find.

It is with great trepidation that I repeat the following information, however, it does concern Mary E. (**CARTER**).

On pages 349-351 of Mr. McCormick's book, he reports on the Valentine S. Carter family and states the following:

"V. Mary, (dates unknown) married (1) a Hansel, probably a son of Henry Hansel of New Rock; (2) a Phillips."

The "V" represents the fifth child in order of his book. If she married a second time it could have been at the time she was staying with her son in Tarrant Co., Texas and John W. Hansel was living in Marlow, Stephens Co., Oklahoma. This would have been between 1910 and before her death in 1917. However, I find this unlikely.

Or, a more likely scenario, she married briefly between the 1860 census date where she was 18 and the date of 28 Jan 1869 at the age of 27 when she married John W. Hansel. Since She married John W. Hansel in Crawford County, checking the marriage records of Crawford County between 1860-1869 I found not record of a previous marriage.

## Henry Pratt and Descendants

---

However, the surrounding counties should be checked. She failed to list a previous marriage in the 1900 census where it asks how many marriages you have had. If she did marry a "Phillips" then maybe he died during the Civil War.

In any case, the origination of the information to John McCormick on Mary's "Phillips" marriage, is not given and we can't prove or disprove at this point if she was previously married. FTP

## **1850-1860 Death of S. M. Hansel**

S. M. Hansel died in District 24 (Boone Twp) , Crawford, Missouri, United States after 8 November 1850 and before the 1860 census date. \_

## **Research Note**

After the death of her husband, Henry Pratt, widow Nancy ( **CARTER**) Pratt and children are living next door to her daughter Susanana Rebecca ( **PRATT**) Hansel's family in the 1850 census. By this time, Susan had a large family (3 children) and widow Nancy moved to be near her daughter and grandchildren.

Notice the unknown son, S. M. Hansel, male 5 years old. This individual is a problem to researchers because we know a daughter, Susan Jane ( **HANSEL**), named after her mother and Henry's first wife, Jane, was born 19 April 1846 and died 15 December 1858.

She is buried in the New Rock Cemetery, which her father; Henry had donated to the community. Her headstone reads: Susan J. Hansell, daughter of H. & S. died December 15, 1858 age 12 years, 7 months, 26 days. This calculates out to a birth date of 19 April 1846.

Therefore, she should have been listed in the 1850 census with her parents. S. M. Hansel, male, age 5...I think is really Susan Jane Hansel. Or, could actually have been another son.

- 15 F      iii. **Susan Jane Hansel** was born on 19 April 1846 in Boone Twp, Crawford, Missouri, United States, died on 15 December 1858 in Boone Twp, Crawford, Missouri, United States at age 12, and was buried in December 1858 in New Rock Cemetery, Boone Twp, Crawford, Missouri, United States.

She was name after her grandmother; Susanna (**HARMON**) Carter. Also it appears the censustaker made another error with Susan Jane. ## **1858 Death of Susan Jane (HANSEL)**

## **1858 Death Notice**

In the book "Missouri Miscellany, State-Wide Missouri Genealogical Records, by the Publishers of "Missouri Pioneers" Volume 13: page 42 by Miss Nadine Hodges and Mrs. Howard W. Woodruff (1975) states the following. " *Sarah J. Hansel daughter of H. H. Hansel born 1845 in Missouri died 1858*".

## **1851 Childbirth of sister; Mary Eliza (HANSEL)**

Mary Eliza (**HANSEL**) was born 5 September 1851 in District 24, Crawford, Missouri, United States. Even though the 1900 census states she was born September 1850 since she is not with her parents on the 8th of November in the 1850 census then it appears she was born after November or in September 1851. I think it is more like 5 September 1851.

## **1852 Father's Property Transaction**

Pursuant to the 1820 Land Act, in 1852, Henry Hansel purchased 40 acres in Boone Township off Carter Creek in Crawford Co., MO. This purchase is filed in the St. Louis Land Office #226 in 1856.

# Henry Pratt and Descendants

This property became the Hansel homestead. Henry also co-founded a cemetery there; New Rock Creek Cemetery and New Rock Creek Church. The Hansels were Methodists. Their homestead lay across from the cemetery on the north side. (see map in Henry Hansel notes)

Benjamin Walter Hansel was born in Boone Twp, Crawford, Missouri, United States on 2 November 1853.

## **1852 Marriage of grandmother; widow Nancy (CARTER) Pratt**

Widow, Nancy (CARTER) Pratt married widower, Absalom Blanton in 1852 and moved into his mansion at Hamilton Hollow, Johnson Township, Washington County, Missouri. That's why she is no longer in Crawford County with her daughter, Susanna Rebecca (PRATT) Hansel's family.

## **Research Note**

As the Hansels settled in the area they forged fellowships with several local families. The Rev. Valentine Carter family from Bradley County, Tennessee; the Calvin Vilander Lynch family from Greene County, Tennessee to Pulaski County, Missouri; Burgess Eldridge from Virginia; Richard Turner family, and others.

Sterling Price Hansel was born near Bourbon Post Office, Boone Twp, Crawford, Missouri, United States on 28 July 1860.

- **1870 Childbirth of daughter; Rosa Ann (HANSEL)**

Rosa Ann (HANSEL) was born in Lanes Prarie, Jefferson Twp, Maries, Missouri, United States on 20 June 1870.

- **Research Note**

Even though records indicate that daughter Rosa Ann was born on June 20, 1870, this is not in harmony with the 1870 census record. On the 25th of June 1870 on page 444a Henry is living with his sister-in-law and wife of brother John; Mary E. ( **CARTER**) Hansel. Therefore, it appears that Rosa was born after the 25 of June 1870 census date and in the 1880 census she is listed as 9 years old placing her birth circa 1871.

## **1851 Birthblock of Mary Eliza (HANSEL) daughter of Henry H. Sr. and Susanna**

# Henry Pratt and Descendants

---

## **Rebecca (PRATT) Hansel**

Mary Eliza (**HANSEL**) was born in District 24, Crawford, Missouri, United States on 5 September 1851.

Date from the 1860 census states she was born in 1850 in Missouri.

Date from the 1870 census states she was born in 1856 in Missouri.

Date from the 1880 census states she was born in 1850 in Missouri.

Date from the 1900 census states she was born in September 1850 in Missouri.

Date from the 1910 census states she was born in 1851 in Missouri.

Date from the 1920 census states she was born in 1850 in Missouri.

Date from the 1930 census states she was born in 1851 in Missouri.

Even though the 1900 census states she was born September 1850 since she is not with her parents on the 8th of November in the 1850 census then it appears she was born after November or in September 1851. I think it is more like 5 September 1851.

Elisha H. Thornhill was born in Calvey Twp, Franklin, Missouri, United States on 3 February 1851-1853.

## **Research Note**

Since we can't seem to pinpoint down Elisha's birthdate, this presents a problem with identifying his mother. Did Sarah Ann ( **JONES**) Thornhill die from childbirth complications with Elisha's birth or is he the son of Sarah Ann ( **MURPHY**) Thornhill? His death certificate misidentified his mother by listing his wife as his mother. He married Mary Elizabeth ( **PERKINS**) so she could not be his mother. Therefore we do not know to whom to assign him as a son.

## **1853 Birthblock of Benjamin "Ben" Walter Hansel son of Henry H. Sr. and Susanna Rebecca (PRATT) Hansel**

Benjamin Walter Hansel was born in Boone Twp, Crawford, Missouri, United States on 2 November 1853.

Date from 1860 census states he was born in 1853 in Missouri.

Date from 1930 census states he was born in 1853 in Missouri.

Date from the death certificate states he was born 2 November 1851 in Sullivan, Franklin, Missouri.

Looks like he was probably born 2 November 1853 since the 1850 census says he was 7 years old.

## 1873-1876 Marriage of Benjamin Walter Hansel and Sarah A. (MERCEILLE) or Maness

Benjamin Walter Hansel and Sarah A. (**MERCEILLE**) or Maness were married at least 9 months before the birth of Anna Hansel in 1877. I can't seem to find this marriage record no matter how many name variations I apply to the groom and the bride. Since Sarah was born a Mercelle and her brothers and sisters continued to keep the name Merceille, then I hoped Sarah also kept the family name and did not adopt her step-father's (Elijah Maness) surname. Her father and mother had already passed on so she didn't get married at her mother's residence unless she married at her step-father's residence in the area of the Hillsboro Post Office, Big River Twp, Jefferson, Missouri, United States. This would explain how she got down from Richwoods Twp, Washington, Missouri to Big River Twp, Jefferson, Missouri by the 1880 census. In the 1900 census Sarah says they have been married 27 years (1873).

Her parents, Joseph & Sarah "Sally" ( **MANESS**) Merceille were living at Richwoods Twp, Washington, Missouri, United States by the 1850 census. Beverly E. Hansell and Jane G. Fitzwaters; married on 26 May 1880 by Rev. V. S. Carter at Crawford Co., Mo.; Note: The groom is Beverly C. Hansell. Beverly is the brother of my 2nd great grandfather, Henry H. Hansell. It is my suspicion that the C. stands for Carter. The V. S. Carter is most likely Valentine Carter, the father-in-law of Beverly's oldest sibling and brother John W. See census records for Crawford County, Boone Township 1860, 1870 and 1880 and 1910 Franklin County (Sullivan). Bride is usually given as Sophrona/Sophronia Jane Fitzwater, so do not know why the record shows. One of Valentine Carter's daughter's may have married a sibling to S. J. Fitzwater - see enumeration for Valentine Carter in 1880 Boone Township, Crawford County. In 1860 and 1870 Beverly is listed with parents Henry Hansel/Hansell and Susan A. (Pratt) Hansel/Hansell. - submitted by Byron Nelson

## **Research Note by Floyd Pratt**

As you have probably already observed, when Beverly and Sophrina were married in 1880 she was 43 years old. I can not find any evidence that she may have been previously married. Looking at the 1840, 1850, 1860 and 1870 census indicated that Sophrina was living with her parents up until she married in 1880. In contrast, Beverly was 25 years old almost half her age. Why she waited so late to marry is unknown. Her age on the 1880 census has been overwritten not giving us a clear number.

## **Research Note**

I found on Sarah's son; Virgil M. Hansel's death certificate that the informant...Virgil's wife: Ethel (**LINDSEY**) Hansel stated that Virgil's mother's name was Sarah Ovals. Checking various 1860-1870 census records in both Illinois and Missouri has produced no families named Ovals. Not being able to locate Thomas Jones and Sarah's marriage record has also placed a stumbling block as to verifying Sarah's maiden name and parentage. On another death certificate for her daughter; Gladys Elvera ( **HANSEL**) Palmer, the informant; Gladys' husband George Palmer states that Gladys' mother's name was Sarah Oddles. Checking for census records 1860-1870 produced no positive results, however the surname Odle is frequent in the Illinois census records and searching Sarah A. Odle produced several possibilities. However, it looks like she married Thomas Jones in Crawford County, Missouri since he was living there in the 1870 census and after their marriage circa 1877-1880 were living there in the 1880 census. It appears that the newspapers will need to be checked for a notice on her death between 1908-1910. As far as the Oddles or Odles goes, I found not much information for people with that type of spelling.

It is unclear as to what happened to Lillian F. "Lillie" ( **FUIDGE**) Hansel. In the 1900 census she is living with her parents indicating that spouse; Sterling Price Hansel and she either separated or Lillian was in such poor health she needed constant care by her parents. Since Price and Lillian both state in the 1900 census that they are married and they are both living in the Carter Creek area near Rock Church, would indicate maybe there was not a falling away but maybe Lillian's father or mother needed help because they were in poor health. This conclusion is based on the fact that both parents died in 1907. Concerning Lillian's death in 1903 could have been childbirth related or due to disease. Since she died in Saint James would also indicate she may have died at the hospital there. Checking the local newspapers for that time period should reveal her death and circumstances.

## **1838 Forced Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**" © 2002 by Floyd Thomas Pratt F.H.C., M.A.G.I. In this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by the 1840 census.-Floyd Thomas Pratt

## **1939 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberlin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried which was Cherokee tradition. More in the book "**Henry Pratt Family of Greene County, Tennessee**" (2003) by Floyd Thomas Pratt 2008

## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family.

When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land.

Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

## **1841 Childbirth of sister; Matilda Jane "Janie" (PRATT)**

Matilda Jane "Janie" ( **PRATT** ) was born in Richwoods Twp, Washington, Missouri, United States on 20 October 1841.

## **1841 to 1850 Death of father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT** ) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt that Alexander had gone to California in 1848/1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER** ) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER** ) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT** ) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **2008 James Pratt's Barn**

At where the White Creek Cemetery is across the road from the Anthonies Mill or aka Kimberlin Cemetery across the creek was an old board plank barn made of oak planks and beams. When I first began my research in 1976 into the Pratt family I was told by the local residents, the old barn belonged to the James Pratt family who lived on that side of the creek. Now, it is 2008 and I don't know if that old barn is still standing or not. But it was a two story

**"Forest Hills and Vicinity"** by John Steele McCormick, © 1970, page 140

*"Besides the Harrison's, Summers, Anthonys and various Harman families, the Kimberlin family has always been associated with this area. There were at least two and possibly three founding families of which the best known is the Rhinard and Frances Kimberlin family who came from Virginia in 1827 and settled in Washington County (according to Stevens history.) They settled at Anthonies Mill about 1845. They were parents of four sons and four daughters all of whom married into local families. Unfortunately, family data was not made available. They were: Joseph, Jacob, Michael, Henry, Mary, Nancy, Catherine, and Vermetta. Vermetta, in 1853 married Ruben Harman. Curiously, she used the name Henrietta, when she married Ruben. The marriage is recorded at Potosi and the dates correspond to Vermetta's. The family often spelled the name Kimberling. Ben Kimberling in 1825 in St. Louis, made the first entry for land in Township 40; Range 1 West of Washington County."*

## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family.

When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land.

Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks

later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

they may have just married. Another possibility we would have to rule out is if the census taker  
asked Frances to list her children, she listed all of her children even Catherine who was already  
married and moved out of her parent's home.]

## **1838 Forced Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**" © 2002 by Floyd Thomas Pratt F.H.C., M.A.G.I. In this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by the 1840 census.-Floyd Thomas Pratt

## **1939 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberlin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried which was Cherokee tradition. More in the book "**Henry Pratt Family of Greene County, Tennessee**" (2003) by Floyd Thomas Pratt 2008

## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family. When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land.

Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

Matilda Jane "Janie" (**PRATT**) was born in Richwoods Twp, Washington, Missouri, United States on 20 October 1841.

# Henry Pratt and Descendants

---

## **1841 to 1850 Death of father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. Mabel could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I have run out of time and must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **1848 Marriage of Samuel Campbell and Lorinda (PRATT)**

[1] Crawford County Missouri Marriage Record Book "A", page 151

Samuel Campbell and Lorenda Pratt were married on 16 March 1848 in Crawford County, Missouri.

Most likely she was married at her mother's residence next door to her sister; Susanna Rebecca ( **PRATT**) Hansel's home in Boone Twp, Crawford, Missouri, United States. After the death of Henry Prattt, their father, it appears that Nancy moved from the Richwoods area in Washington County closer to Susanna near the Hansel home in Boone Twp, Crawford, Missouri, United States.

## **1849 Childbirth of son; James H. Campbell**

James H. Campbell was born 1849 in possibly Crawford, Missouri, United States. The real problem with identifying his birthplace is the fact that after his parents married on 16 March 1848 they disappeared from the 1850 census. I have tried on numerous occasions to find them in the 1850 census to no avail. Therefore, we don't know exactly where he was born because it looks like he didn't live long enough to make it after the 1910 death records of Missouri or he died out of state.

## **1849 Death of grandfather; Jesse Carter Sr.**

Jesse Carter Sr. died in Subdivision 23, McMinn, Tennessee, United States in August 1849.

## **1850 Federal Census age 21**

Since I have not been successful in locating this family in the 1850 census, then one can assume they lived in close proximity to her mother in Crawford County, Missouri. After Aunt Cynthia died and her mother's marriage to widower Absalom Blanton in 1852, would probably have been the time that Sam and the family made their move to Pulaski County, Missouri.

## **1850-1852 Death of aunt; Cynthia (PRATT) Blanton**

Cynthia (PRATT) Blanton died in Johnson Twp, Washington, Missouri, United States between October 30, 1850 from the census date and March 21, 1852 the date of her husband's 2nd marriage to widow; Nancy (CARTER) Pratt..

## **1854 Childbirth of daughter; Mary E. (CAMPBELL)**

Mary E. (CAMPBELL) was born probably Crawford, Missouri, United States.in 1854.

## **1857 Childbirth of daughter; Sarah J. (CAMPBELL)**

Sarah J. (CAMPBELL) was born probably Crawford, Missouri, United States.in 1857.

## **1848-1860 Family Move**

From Crawford, Missouri, United States, to DeBruin Post Office, Twp 35 Range 13, Pulaski, Missouri, United States. As stated above, after Aunt Cynthia died and her mother's marriage to widower Absalom Blanton in 1852, would probably have been the time that Sam and the family made their move to Pulaski County, Missouri.

## **Research Note**

What motivated their move from Crawford County to Pulaski County south of Waynesville was probably due to family ties. Sam's mother; Bathsheba (CARTER) Campbell was already living near DeBruin Post Office, Twp 35 Range 13, Pulaski, Missouri, and is next door to them in the 1860 census,. Checking the deed books or newspapers might reveal when they arrived in that county and if Sam bought any property.

Mary C. (CAMPBELL) was born near DeBruin Post Office, Twp 35 Range 13, Pulaski, Missouri, United States in 1864.

## **1863-1868 Death of spouse; Samuel Campbell**

Samuel Campbell died between 1863 when his youngest child was conceived and before his widow's 2nd marriage before 1868. We haven't found Lorinda's marriage date to Ira Hull so we really can't produce a more accurate date. Checking the local newspapers might reveal information about Sam's death and/or Lorinda's marriage to Ira Hull. Since Sam's death coincides with the Civil War period, he may have died during it's tenure.

## **1863-1868 Marriage of Ira Spencer Hull and Lorenda (PRATT) Campbell**

Ira Spencer Hull and Lorenda ( PRATT) Campbell were married about 1863-1868. These dates have been derived from the last known childbirth of Samuel Campbell to the first known childbirth of Ira Spencer Hull and Lorenda ( PRATT) Campbell Hull. Have not been able to locate this marriage record. What I have found is that they lived near a town called Stoutland which bordered on Laclede and Camden Counties. Or, Lorinda could have married in Pulaski County where she was living when Samuel died.

## **1863-1870 Family Move**

From the area of the DeBruin Post Office, Twp 35 Range 13, Pulaski, Missouri, United States to near Pine Creek Post Office, Smith Twp, Laclede, Missouri, United States. Probably after she married Ira S. Hull they moved to Smith Twp, Laclede, Missouri, United States.

## **Research Note**

What motivated their move from Crawford County to Pulaski County south of Waynesville was probably due to family ties. Sam's mother; Bathsheba ( **CARTER**) Campbell was already living near DeBruin Post Office, Twp 35 Range 13, Pulaski, Missouri, and is listed next door to them in the 1860 census,. Checking the deed books or newspapers might reveal when they arrived in that county and if Sam Campbell bought any property.

## **Research Note**

De Bruin was located six miles southwest of Waynesville. It had 1 general store. (-- *Gazetteer of Missouri*, p. 457. Also, *The State of Missouri, in 1904*, p. 485.)

There was a post-office there in 1897-98. (-- *Missouri Manual* for those years, p. 421.)

## **1863-1868 Death of father: Samuel Campbell**

Samuel Campbell died between 1863 when his youngest child was conceived and before his widow's 2nd marriage before 1868. We haven't found Lorinda's marriage date to Ira Hull so we really can't produce a more accurate date. Checking the local newspapers might reveal information about Sam's death and/or Lorinda's marriage to Ira Hull. Since Sam's death coincides with the Civil War period, he may have died during it's tenure.

## **1863-1868 Mother's marriage of Ira Spencer Hull and Lorenda (PRATT) Campbell**

Ira Spencer Hull and Lorenda ( PRATT) Campbell were married about 1863-1868.

These dates have been derived from the last known childbirth of Samuel Campbell to the first known childbirth of Ira Spencer Hull and Lorenda ( PRATT) Campbell Hull. Have not been able to locate this marriage record. What I have found is that they lived near a town called Stoutland which bordered on Laclede and Camden Counties. Or, Lorinda could have married in Pulaski County where she was living when Samuel died.

## **Research Note**

Ira claims to have been born in Ohio. However, we have not been able to locate his parents marriage record. An unverified internet source states they were married in Champion, Turnbull, Ohio, United States on 25 December 1934. If this is true, then Ira could have been born in either Turnbull County, Ohio or in West Salem Twp, Mercer County, Pennsylvania depending when his parents moved to and from those locations. Since Nancy was born in Pennsylvania, I think thier marriage record in located in Pennsylvania.

## **1856-1858 Marriage of Ira Spencer Hull & Cynthia "Cinchee" Cathrine (DOLLAR)**

Ira Spencer Hull and Cynthia "Cinchee" Catherine ( DOLLAR) were married 1856-1858. Since Cynthia's parents were living in District 45, Laclede, Missouri, United States in the 1850 census and Cynthia was 18 years old by 1850, her marriage to Ira would have made her age 24-26 years of age...quite old for girls. Unless...she had been previously married after 1850 and before she married Ira. In any case she probably married at home so you should look to Laclede County for the marriage record and check the newspapers for that time period.

She applied for his pension and received money for the horses he had taken into the war. Another wife of Ira also applied for his pension. In Cynthia's application for Ira's pension, she states that she was married by a Justice of the Peace John Patton and therefore no marriage record was recorded. ## **1838 Forced Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**" © 2002 by Floyd Thomas Pratt F.H.C., M.A.G.I. In this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by the 1840 census.-Floyd Thomas Pratt

## **1939 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried which was Cherokee tradition. ## **1839 Good Friends**

**by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family.

When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land.

Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

## **1841 Childbirth of sister; Matilda Jane "Janie" (PRATT)**

Matilda Jane "Janie" (**PRATT**) was born in Richwoods Twp, Washington, Missouri, United States on 20 October 1841.

## **1841 to 1850 Death of father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" (**PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt that Alexander had gone to California in 1848/1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel (**MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy (**CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca (**PRATT**) Hansel family in Boone Twp,

Alex buys 120 acres along Hamilton Creek west of Hamilton Road and on north and south side of creek. He sells 40 acres to his father. In 1872 he sold 80 acres to the Hamilton Iron Co. of Ohio for \$1500.

## **Research Note**

This is a significant property transaction. Prior to the Hamilton Iron Company known as the Hamilton Iron Works purchase in 1872 from Alexander A. Blanton, this property was known as Blanton Hollow and Blanton Creek. Old maps have been found naming them as such. After the Hamilton Iron Works began production of mining in the area, the name was changed to Hamilton Hollow and Hamilton Creek even though the mine owners...the Hamilton family resided elsewhere.

## **1830 Federal Census age 1**

Could not find him or his parents in the 1830 census. However, strong evidence suggests he was with his parents in Greene, Tennessee, United States. Since his father was buying sheep in 1830 in Greene County, Tennessee, this would indicate they were still living in that county during the 1830 census.

## **1831-1838 Commentary**

According to Alexander's brother; Elbert Sevier Blanton Sr.'s obituary, it states that his parents; Absalom & Cynthia (**PRATT**) Blanton, brought him to Missouri when he was less than a year old. This would indicate all of Absalom's and Cynthia's children born after 1831-1832 were born in Missouri, because Elbert was born in 1831. Not sure if the obituary is true. Absalom purchased 40 acres in Franklin County, Missouri in 1838. Where were they from 1830 to 1838?

## **1832-1838 Move**

From Greene, Tennessee, United States to St. Louis, Missouri then to Franklin, Missouri, United States between 1832-1838.

## **1840 Federal Census age 11**

Once again Absalom managed to elude the censustakers and fails to show up in Franklin County where he was living in 1840. I have a theory as to why he tried to disappear from the census of 1830 and 1840. I believe it was because his wife, Cynthia ( **PRATT**) was a Cherokee princess as told by Blanton descendants. If she had fallen into the wrong hands she could have suffered bodily harm and her family could have been in danger. Therefore I think they were still living near Sullivan, Franklin, Missouri when the 1840 census was taken. For a complete report read "**Henry Pratt Family of Greene County Tennessee**" by Floyd Thomas Pratt

## **1840-1849 Family Move**

Moved with his parents from Franklin, Missouri, United States to Johnson Twp, Washington, Missouri United States. This is a significance property transaction. Prior to the Hamilton Iron Company known as the Hamilton Iron Works purchase in 1872 from Alexander A. After the Hamilton Iron Works began production of mining in the area, the name was changed to Hamilton Hollow and Hamilton Creek even though the Hamilton family resided elsewhere.

## **1931 Obituary of Alexander A. Blanton Jr.**

Newspaper obituary (unknown) A. A. Blanton

Alexander A. Blanton, a son of Alexander and Mariah Blanton, was born near Sullivan, Mo., May 31, 1854, and departed this life Oct. 23, 1931, at the age of 77 years, 4 months, 23 days, at his farm home four miles southeast of Sullivan. Mr. Blanton spent his entire life near Sullivan and had the pleasure of watching this vicinity grow from a pioneer settlement to it's present state of developement. He loved to relate stories of pioneer life in the old days. In 1890, Mr. Blanton was united in marriage to Jennie Dace. To this union two children were born, Rilla (Mrs. H.H. Graham), and Ralph M. Blanton. In early manhood Mr. Blanton joined the Baptist Church in Sullivan. He loved to read the Bible and talk it over with his family and friends. He was of sterling moral character, a devoted husband and father and a loyal neighbor and friend. He leaves to mourn his passing, his wife, the son and daughter before mentioned, and four grandchildren, all of Sullivan; three brothers, Absalom of Bourbon, Augustus of Sullivan, Benjamin, address unknown; one sister, Mrs. Susie Bigely of Pitcher, Okla. The funeral service was conducted at the residence by Elder J. F. Hethcock Sunday afternoon and burial was made in Odd Fellow Cemetery in Sullivan. There was a large attendance at both services.

Card of Thanks - We wish to express our sincere thanks to our friends and neighbors for the kindness and sympathy extended to us during the illness and death of our dear husband and father. We also wish to thank the choir for the beautiful songs, and Elder Hethcock for his comforting words. Mrs. Alexander Blanton, Ralph M. Blanton, Rilla A. Graham

## **EMAIL from Greg Porter 20 January 2010** greg.porter@boeing.com

Hello Floyd, I got your email address from New Family Search, where I see you are a contributor for William Keys (1855-1934). His record number there is MW8G-NV3. I believe that my grandfather, Glen Porter, and his missionary companion, Alpheus Droubay, stayed several days with William Keys in Missouri in 1924, per Elder Droubay's mission journal. Apparently Brother Keys was emotional when the Elders left at the end of their visit so it appears he was somewhat close to them. I have Elder Droubay's journal on the internet and wanted to make the entry available to his family members or others who may be interested. I'd also be interested if William happened to have a journal that spoke of the Elder's visit in 1924, or any photographs that may include them. Are you a family member or can you put me in contact with one? Would you be interested in the journal entry? Best regards, Greg Porter Mesa, AZ

## **EMAIL reply to Greg Porter 22 January 2010**

Greg, My interest in William Keys is so remote that I would not be interested in the information you stated.

He married Nancy Maria "Nanny" "Queenie" ( **BLANTON**) (his second wife) who is the daughter of Alexander A. Sr. & Nancy Mariah ( **PRATT**) Blanton. Nancy ( **PRATT**) is my 4th Great Aunt. (4GA). So, you can see they are so far down the totem pole that I'm lucky I can get them to the temple to have their work done. Yes, I am a High Priest in the Bradenton Florida Stake, Bradenton 2nd Ward have been a member for 35 years. Sure wish William and "Queenie" had joined the church back then, they would have saved me some of all the work I have had to do for and on behalf of the Blanton family. Thanks for writing.

Greg, Another thought, did your grandfather or Elder Droubay happen to put down the parents of William Key in that journal? We can't seem to find his ancestry. Thanks, Bro. Pratt

Concerning Elsie's statement in the 1900 census that she has had 7 children born and 7 are living is confusing. She and John were married in September 1889, so the first born would have been daughter; Elsie who was born in 2 August 1890...according to her death certificate. Since Charles follows Elsie in both 1900 and 1819 census, then logic

dictates that he is also her son. This still is only 5 children listed after her marriage date. Another possibility is that she was previously married and had several children from that marriage. Alex buys 120 acres along Hamilton Creek west of Hamilton Road and on north and south side of creek. He sells 40 acres to his father. In 1872 he sold 80 acres to the Hamilton Iron Co. of Ohio for \$1500.

## **Research Note**

This is a significant property transaction. Prior to the Hamilton Iron Company known as the Hamilton Iron Works purchase in 1872 from Alexander A. Blanton, this property was known as Blanton Hollow and Blanton Creek. Old maps have been found naming them as such. After the Hamilton Iron Works began production of mining in the area, the name was changed to Hamilton Hollow and Hamilton Creek even though the Hamilton family resided elsewhere.

## **Research Note**

This is a significant property transaction. Prior to the Hamilton Iron Company known as the Hamilton Iron Works purchase in 1872 from Alexander A. Blanton, this property was known as Blanton Hollow and Blanton Creek. Old maps have been found naming them as such. After the Hamilton Iron Works began production of mining in the area, the name was changed to Hamilton Hollow and Hamilton Creek even though the Hamilton family resided elsewhere.

## **1838 Forced Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book " **Henry Pratt Family of Greene County, Tennessee**". In this book I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County moving to Richwoods Twp of Washington County, Missouri by the 1840 census.-Floyd Thomas Pratt

## **1839 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberlin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried which was Cherokee tradition. More in the book " **Henry Pratt Family of Greene County, Tennessee**" (2003) by Floyd Thomas Pratt 2008

## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family.

When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land.

Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother.

After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

Matilda Jane "Janie" (**PRATT**) was born 20 October 1841 in Richwoods Twp, Washington, Missouri, United States.

## **1841 to 1850 Death of Father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" (**PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel (**MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return trip to Missouri. After his death, his widow, Nancy (**CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca (**PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **1856 Family Move**

Alexander R. Pratt began courting Rhinard & Frances ( **PETERS**) Kimberlin's daughter; Mary sometime before his property transaction on 22 May 1856. This relationship with the Kimberlin family goes way back to 1839 when Mary's father; Rhinard befriended the Henry Pratt family when the Pratts moved to Richwoods Twp, Washington, Missouri from Crawford County, Missouri. Alex's brother, James had already married Rhinard's daughter Catherine and Alex knew Mary from associating with the Kimberlin family. Alex moved from Boone Twp, Crawford County, Missouri, United States where he had been living with his mother and siblings in the 1850 census to Johnson Twp, Washington, Missouri near Anthonies Mill where the Rhinard Kimberlin family lived when he purchased 40 acres on 22 May 1856.

*"This deed made and entered this Twenty Second of May in the year of our Lord one thousand eith hundred and fifty- six between William Hughes and Martha Hughes his wife of the first part and Alexander Pratt of the second part all of the County of Crawford and State of Missouri witness to: That the said parties of the first part for and in consideration of the sum of eighty dollars to them in hand paid the receipt whereof is hereby acknowledged have granted bargained and sold and by these presents do grant bargain and sell and convey free from or and our heirs and representatives and the claim or claims of every person or persons whosoever to him the said Alexander Pratt his heirs and assigns forever a certain tract of parcel of land lying and being in County of Washington and State of Missouri as follows to wit: The North East quarter [¼] of the South East quarter [¼] of Section No. eighteen [18] in Township No. Thirty -nine [39] of Range No. One West [R1W] containing forty acres. In testimony whereof we have hereunto set our hands and seal this day and date first above written. Attest: J. M. Anthony William Hughes Martha Hughes"*

[It should be noted that because Rinard Kimberlin sold some land to James Pratt who had married his daughter Catherine, this paved the way for Alexander to be able to buy land. It was law that Indians were not allowed to own or exchange property. Even though Alexander and James were only ½ Cherokee this still presented a problem. also I imagine that Rinard would not let Alexander marry his daughter, Mary unless he showed evidence that he was and could settle down. After Alex bought this land on 22 May 1856, a little over a month later Rinard agreed to Alex and Mary's marriage on 28 June 1856. This property was located near White's Creek and close to Alexander's brother; James & Catherine ( **KIMBERLIN**) Pratt family.-Floyd Thomas Pratt]

[These medicals took place at Potosi, Washington, Missouri. Debility is weakness caused by long sickness. Alex is listed next to his brother John. Unknown why his age was given as 19. Apparently the Union Army was having trouble raising enough able-bodied men to fight or he was already in the war and was discharged due to medical condition. Since I can not find any Pratt's fighting in the Civil War for the white man, then probably this was all a ruse to avoid the civil war conflict.]

[Seems to be a discrepancy of enormous proportions. When I read their marriage record in 1976, I was new to research and as an untrained observer, I thought I saw her name as Mrs. Other researchers have now reported that the Mrs. was actually Misf which was a double "s" indicating she was a Miss not a Mrs. After viewing the actual record, I must now conclude that it is written as Miss not Mrs. I have found in the census records a Miss Catherine Adaline (**DUGAN**) in Franklin County, Missouri who was 20 years old. Alexander would have been 53 years old at the time of this marriage and surely the newspapers should have written an article about the discrepancy in age of this marriage. I have not had the time to check the Sullivan, Potosi, Bourbon or Steelville newspapers to verify any such article. However, if Adaline, the 20 year old in the census is the one he married...that would explain her ability to bear two children and dying young, from childbirth complications in 1892.]

## **The Death of Alexander "Alex" R. Pratt by Floyd Thomas Pratt F.H.C., M.A.G.I. 1982**

21 June 1982 Story about the death of Alexander Pratt

In 1982, I used to travel throughout the middle portion of Missouri tracking down ancestors and related families. One such family was Thomas Livey and Polina ( **PRATT**) Callahan family; Alexander's daughter who had lived in Cheryville, Osage Twp, Crawford, Missouri for many years and had children who still lived in that area. One such child was Fred C. Callahan born 4 July 1907 in Cherryville, Osage Twp, Crawford, Missouri, United States and died 29 January 1992 at Rolla, Phelps, Missouri, United States.

After receiving a reply to my newspaper ad looking for Alexander Pratt's grave from Elsie

# Henry Pratt and Descendants

---

Conaway, who told me where the gravesite was located, I started to contact the Callahan family and drove to Cherryville to visit Fred Callahan on 21 June 1982. He related the following story to me about his grandpa...Alexander Pratt.

When Fred was a little boy...about 5 years old, Grandpa Alex (Alexander R. Pratt) came to visit his Mom and Dad (Lina & Tom Callahan) who lived near Cherryville, Missouri. Little Freddie used to "pick" on his Grandpa by climbing on him and playing with him like little grandchildren do with their grandpa. [I know from personal experience that my grandchildren; Brian and Jacob love to wrestle with me and get me down on the floor and climb on top of me and "beat me up". I've watched my father play with his great-grandchildren the same way.]

One day, Grandpa Alex was rockin' in a rockin' chair by the fireplace chewin' tobacco, when little Freddie ran into the kitchen where his mother was cookin' and said " *Momma, sumptins wrong with Grandpa*", Lina said, " *You quit pickin' on Grandpa or I'll box your ears.*" They went into the front room and Lina found that Alex Pratt had died of a heart attack in his rocking chair. He was 79. This happened in 1912. Unknown if it was in the earlier part of the year or the winter months of the year.

Fred told me because the roads were slick with ice from an ice storm, they couldn't get the wagon with Alexander's body up the hills to take him back to his home in Sullivan to be buried, so they buried him in the Freeman Cemetery outside of Cherryville, Missouri. [I have driven' those roads at Cherryville and they are extremely steep and even hard to drive up them when the road is clear let alone when there is snow or sleet on the highway.]

Carac Pratt, Alex's son from his second marriage, put a small metal marker at the grave site in 1975, which was still there when I visited the grave in 1982. Luckily, I took a picture of that metal placque because I have now been told that someone took the placque from the cemetery and it is missing. This is a drawing of where he is buried. It is now 2008, so I am trying to remember from my 1982 visit.

His gravesite was about 3 or 4 in from the back fence towards the gate. I had made 2 attempts to find his grave. I had ridin' my motorcyle from Springfield, Missouri where I was living and operating an insurance agency.

On my first visit I walked all over the cemetery and found nothing. I had left the radio on the motorcycle and it was playing "rock" music and I was not in tune with the spirit and I was unsuccessful. There was a spot that I felt a strange feeling come over me but I didn't know why, there was nothing there.

# Henry Pratt and Descendants

---

On my second trip on a different day, this time, I left the radio off and Elsie Conaway came with me and showed me where he was buried. To my surprise, it was in the same spot I had previously searched but found nothing. There it was...the metal marker clearly sticking out of the ground. How did I miss it the first time? I do not know. Maybe I wasn't intune with the spirit and was blinded by the ways of the world and failed to see. I don't know.

That is the story on how Alexander Pratt became buried in the Freeman Cemetery, Cherryville, Crawford, Missouri, United States. There should be newspaper accounts of his death in the Sullivan, Bourbon, Steelville and/or Potosi newspapers. Those newspapers are kept at the State Historical Society in Cloumbia, Missouri and I had to travel to Columbia to get to read them. Usually I was permitted to have one day because I was a working father and had to raise a family at the same time I was trying to research my family line. I found some references to the Pratts, Blantons, Carters and other families in those papers but time prevented me from doing a thorough research. Maybe one day they will be online.-Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

[2] The Independent Journal, 119 East Hight Street, Potosi, Missouri, May 27, 1982, page 11

**"WANTED: The burial place of Alexander Pratt father of Winslow Pratt, was living on Crows Creek, died between 1910-1920. Reward of \$20 for information. Write: Floyd Pratt, 2926 W. Washita, Springfield, Missouri 65807."**

[I ran this advertisement hoping to find where Alexander Pratt was buried. I was hoping to pinpoint a birth and death date. Up to this point all I had was census records and nothing else to go on. And you must remember, back in 1982 I was still light years ahead of other researchers who did not even know who Alexander Pratt was or whom he married. Two people answered my ad and wrote back to me informing me of the location of Alexander's gravesite. The first was Elsie E. Conaway; born 31 October 1925 and died February 1988 from Cherryville and the second was Margaret Wagner from Sullivan, Missouri. Neither one wanted the \$20 and when I drove out to see Elsie, she took me to where his gravesite was located. Whoa!! [I am still in coorespondence with Margaret Wagner as of this day 4 July 2010.]

But first I am getting ahead of myself. When Elsie wrote to me and told me where his grave was located I decided to ride my 750cc Honda Goldwing motorcycle up from Springfield, where I lived, to Cherryville. I remember going up highway 19 and getting off at the Cemetery. I had a radio on my Honda and I was fond of rock music, loud...rock music and of course everyone knows that rock music is not conducive to the Holy Ghost and when I arrived at the cemetery, I left my radio on and walked the entire cemetery looking for Alexander Pratt's grave. I thoroughly looked at each grave site in anticipation of finding his grave after all these years but something was wrong and I couldn't find him. I went over and over the cemetery checking carefully each headstone and marker and he was not there. At one point of my search, I remember walking straight towards the back of the cemetery fence and felt a strange sensation at about 2 or 3 graves in but did not see any marker or headstone. I was dissapointed to say the least and drove back home after doing more research that day and was despondent.

# Henry Pratt and Descendants

---

I called Elsie and told her I could not find the gravesite and she offered to take me there in person. So, sometime later, a week, a few days I don't remember, I rode my motorcycle back up to the cemetery and met Elsie, but this time I did not play rock music. And to my surprise she took me right to the spot that I had felt a strange sensation before but could not see the marker and lo and behold there it was...a steel metal marker which said "Alexander Pratt 1831-1912".

I became very humbled and realized how grateful I was to my Heavenly Father for allowing me to see the marker and to Elsie for taking the time to show me his gravesite. Why didn't I see it before? It must have been there. It's been there since Carac put in there before 1975. I believe the reason I didn't see it the first time was because my spirit was not in harmony with the Holy Ghost and I was not ready. After humbling myself, the Lord blessed me and we found the marker. Those of you who know what I am talking about...understand. I took a Polaroid picture of the marker and have it at this day. It is included in the pictures of Alexander Pratt's collection. Sadly, I was told that someone has taken the marker and it is lost. This is a true story-Floyd Thomas Pratt

PS: In appreciation Elsie (**WORLEY**) Conaway and Fred C. Callahan have had their temple work completed.

## Orville Carac Pratt

I found another grandson of Alexander Pratt living in Bethalto, Illinois. Sometime in the 1980's I made a trip and visited with Orville Carac Pratt, son of Carac Francis Pratt. Carac Francis Pratt was the last known living child of Alexander & Catherine Adaline ( **DUGAN**) Pratt.

Orville related the following information about his Grandpa Alexander Pratt. Orville said his father; Carac told him that Alexander was a big man 6' 4" tall and weighed about 240lbs. Alex was a blacksmith, autioneer, and ran a threshing seperator rig for a while. Since Carac made railroad ties then probably he learned this from his father. Carac also told him that his dad, Alex made the gold rush to California in 1849. [If Alex made the gold rush maybe that's where his father Henry Pratt died. Maybe his dad went with him to California because Alex was only 17 years in 1849.]

## Research Speculation

[In close proximity to Lick Creek in Greene County, Tennessee, next door to the Carter family, the Harmon family and the Blanton family, there was James & Ann ( **GIBSON**) Pratt family from Rockingham County, North Carolina. A few years before Henry Pratt and Nancy (**CARTER**) were married on October 3, 1820 in Greene County, Tennessee, there was a Robert Pratt and Alexander Pratt getting married in Greene County, Tennessee. The question is; does the "R." in Alexander's middle name represent his uncle...Robert? Was Alexander named after another uncle...Alexander? Was Henry Pratt the son of James & Ann (**GIBSON**) Pratt since he named his first son James? Futher research into this family needs to take place in the historical archives of Greene County, Tennessee.-Floyd Thomas Pratt 2008]

## My Tribute to the Ambrose Marion Pennock Family by Floyd Thomas Pratt 2008

When my 2nd great grandfather, Alexander "Alex" R. Pratt bought 40 acres from William & Martha () Hughes on 22 May 1856, this property transaction had a great deal more intrigue and suspense than a normal property transfer.

# Henry Pratt and Descendants

---

My 2ggfather, Alex was 1/2 Cherokee and Native Americans were not allowed to buy or own property.

When the Pratts were forced from their home in Monroe County, Tennessee by bayonets, they were force marched on the "Trail of Tears" from September 1838 to March 1839, this has been documented by personal journals of those who accompanied the Pratts on that journey.

When they arrived in the portion of Crawford County, Missouri which later became Washington County, before the 1840 census date, they settled near the local family of Rinard (Rhinehart) & Frances (**PETERS**) Kimberling family.

The Kimberlings hailed from Botetourt County, Virginia and had been in Missouri since 1825 and settled in the Richwoods Township area of Washington County where Alexander's father, Henry Pratt shows up in the 1840 census. Rinard later moved to Johnson Township and the Pratts followed.

One of Henry's sons; James Pratt took a liking to one of Rinard's daughter's; Catherine (**KIMBERLIN**). But, Rinard was not going to let James Pratt a Cherokee marry his daughter unless he settled down. I guess Catherine was relentless in her pleadings to her father and he finally consented to the marriage and James & Catherine were married sometime between 1847-1848. [No record has been located].

On 25 February 1854, Rinard sold 23 acres to his son-n-law, James Pratt. This was the first property transaction found for the Pratts. Their father, Henry Pratt never owned property because he was full blooded Cherokee and it was against tribal custom and government law. [Cherokees felt that everyone in the tribe owned the land and therefore it could not be bought or sold.]

Alexander, encouraged by James' success with land purchase but more intrigued by another of Rinard's daughter, Mary (**KIMBERLIN**) wanted to seek her hand in marriage. Rinard realizing that he wanted good stable husbands for his daughters, informed Alex that he had to purchase property and settle down, BEFORE, he would permit his daughter to marry him.

So, on 22 May 1856, Alexander purchased 40 acres from William Hughes and a little more than 1 month later, on 28 June 1856 he married Mary (**KIMBERLIN**). So these 40 acres were the original homestead of Alexander R. & Mary (**KIMBERLIN**) Pratt family.

Cherokees are not very good farmers and after trying to conform to the farming life, Alexander decided this wasn't for him and about that time a new family arrived in the Johnson Township area looking for good land to build a future. This is where the Ambrose Marion Pennock family purchased the old homestead of the Alexander Pratt family on 18 March 1859.

Alexander Pratt stayed in the Johnson Township area of Washington County until after his second wife...Catherine Adaline (**DUGAN**) Pratt died in 1892. He then moved to the Boone Twp, Crawford, Missouri area to be closer to his son, Henry Winslow Pratt family and Alexander died in 1912.

As you see, because of the friendship our ancestors shared with others, the Ambrose Marion Pennock family will always have a special place in the hearts of the Pratts, this friendship transcends generations and binds our families together forever. Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

## **Blanton Hollow now known as Hamilton Hollow**

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

There are two cemeteries on the hills at Hamilton Hollow across from each other. One is called Hamilton Cemetery and the other is the Blanton Cemetery. There are only a few headstones that have survived but both have many indentations in the ground where people have been buried.

Since the Pratt's were of Cherokee ancestry, the government made sure that native indians were not allowed to prosper. This included preventing them from voting, buying and selling land, holding legal offices and even buying fishing licenses and they suffered other abuses kin to the way the whites treated the blacks.

Therefore, there were many mixed native families living in the 39th and 40th townships of Johnson Township in Washington County, Missouri. These families found a common bond by seeking refuge from the abuses of the whites by living in close proximity. Only by marrying into local white families did these mixed natives begin to gain acceptance after the turn of the century.

In the meantime, they survived by hunting and cutting ties and staves for the railroad and mining companies.

My grandfather; Columbus Benjamin Alexander Pratt known as "Lum" to his friends was not only taught those trades by his father; Henry Winslow "Win" Pratt but also became known as an accomplished concrete and rock mason. My dad has shown me many structures still standing in Bourbon and the surrounding community that my grandfather had built.

Hamilton Hollow was named after the Hamilton Iron Works Mining Company who purchased the land from Absalom Blanton's son; Alexander A. Blanton Sr. in 1872 which comprised of property around Henry Pratt's log cabin and Absalom Blanton's mansion which has now become known in these latter days as Hamilton Hollow.

The old maps of the region show that the hollow was named Blanton Hollow in honor of Absalom Blanton and the creek the Blanton Creek. Near the creek is a cold water spring now called Pratt Spring named by the Missouri Corps of Engineers in honor of where Henry Pratt had built his log cabin on the bluff above. The large cave near the spring is named Pratt Cave.

Absalom Blanton had bought this property on 3 November 1849 and developed a mining operation which employed many in the area. He built a large mansion with a winding staircase, which has been written in numerous local newspapers.

## Why did Alexanders R. & Mary (KIMBERLIN) Pratt name one of their sons; Henry Winslow Pratt?

by Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

The name Winslow is so unusual it is hard to determine where it came from. I can find no references or articles to famous people carrying that name circa 1860's or around the time of Henry Winslow Pratt's birth (1869). I can not find any family member in the Pratt, Carter, Blanton or Kimberlin lines that carried the Winslow name. However, there is a long shot I found through my research efforts, that may have a clue to the origin of the name.

David Jackson Staples married Mary Pratt (**WINSLOW**) in Boston, Massachusetts in 1848. This was the same year that gold had been discovered on the American River in California. David decided he had to go west to seek his fortune and with 25 men, including Mary's brother George Winslow from Newton, Massachusetts and her Uncle Jesse Winslow and others, formed the Boston-Newton Joint Stock Association.

In 1848 and with the intent of going to California to participate in the gold rush, David Staples kept a journal of the trip. Traveling by train and lake steamer they reached Ohio without incident. After reaching Cairo, Illinois by April 27th and heading north to Saint Louis (City) for provisions, the party was spurred on by a cholera epidemic in St. Louis and left for Independence, Missouri by paddleboat up the Missouri River.

On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, *a party"....returning haveing lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco.

### **Presumptive Conclusions**

The following questions and assumptions are based on several coincidences from the David Jackson Staples story. These queries are meant to provoke contemplation and engage the reader into action, so someone, somewhere will desire to investigate and find the answers.

(1) Could the Mary Pratt (**WINSLOW**) from Newton, Massachusetts, that married David Staples have been a relative of Alexander or one of the other Pratts?

(2) Was Alexander Pratt familiar with the Boston Pratts?

(3) When the Staples party left St. Louis by paddleboat, they probably traveled the Missouri River.

(4) They may have stopped at Hannibal, Missouri for provisions. Hannibal is not far from our Pratts in Crawford County.

(5) Did the Staples-Winslow party stop and visit with the Pratts from Crawford County, Missouri?

## Henry Pratt and Descendants

(6) One thing is known...Alexander Pratt went to the California gold fields in 1848-1849. This story was passed down by Alexander to his son; Carac who told his son; Orville, who told me in the 1980's before he died about Alex making the trip to California.

(7) I have always speculated that if Alexander went west in 1848 to California for gold, he didn't go alone. I believe some of his brother's and maybe his father; Henry Pratt accompanied him.

(8) Let's take this one step further, could Henry & Alexander and his brothers have hooked up with the David Staples party when they were going through Missouri at about the same time?

(9) Could Henry Pratt, who we know was alive in 1842, could he have died on the trail out west? His wife, Nancy (**CARTER**) Pratt is a widow by the 8 October 1850 census date. After 35 years of researching, we still do not know where or when Henry Pratt died.

(10) David Staples' Journal says that "*a party of their group lost a husband father and friend due to the cholera epidemic and returned*". Could this have been Henry Pratt who died on the trail and his sons returned home to Crawford County, Missouri?

(11) Alexander is in the 1850 census with his mother and brothers. Why didn't he continue his westward trek to the gold fields of California? What would force him to return prematurely? Maybe the death of their father?

(12) Did Alexander's association with the Staples and Winslow men on the trail create an impression on Alexander, that in 1869 he named one of his sons--Henry after his grandfather and Winslow after his good friend George Winslow of Newton, Massachusetts?

(13) Alexander's son; Stonewall Jackson Pratt after reaching adulthood, dropped the "Stonewall" and took the middle name of "Newton". All the while he was alive in Columbia, Missouri since his adult life he was known as Jackson "Jack" Newton Pratt. Where did he get the name of Newton? From Newton, Massachusetts?

(14) Henry Winslow Pratt named one of his sons, Jesse Lee Pratt in 1894. I can find no previous references to the name Jesse in the Pratt, Kimberlin, Missey families other than Carter family which I am sure they, meaning Henry Winslow Pratt, was not aware of...Jesse Carter Sr. his great-grandfather. The Pratts did not have any written record of their family history so I am sure Jesse Carter Sr. was unknown to them. I think Henry Winslow Pratt named Jesse Pratt after Jesse Winslow from Newton, Massachusetts, who accompanied his father, Alex and David Stapes westward to California.

(15) Once again Boston, Massachusetts pops up in my research. If the above hypothesis has any creditability, then maybe there was something to my great Aunt Eula's story about one of Jackson Pratt's boys stealing some Boston deeds from Laura (**MISSEY**) Pratt in the late 1920's or early 1930's. More on that story can be found in my article, "Who Stole the Deeds?" Should be noted that many older family members retold the stolen deed story to me, not just my great Eula Viola (**RICHARDSON**) Pratt.

Company, Ins. Garden City, New York. This book gives an accounting of some of the journals of David Staples and the hardships they faced on their journey to California from Boston.

When my father was in the insurance business and owned his own agency, he contracted with Fireman's Fund Insurance Company as an agent (around 1969) and they gave him this book. He later gave me the book. Little did I know the mysteries I would find concerning the Staples, Winslow and Pratt families within its pages. I found it strange that the founder of the Fireman's Fund Insurance Company had married Mary Pratt (**WINSLOW**). I realize without more collaborating evidence, the above hypothesis is purely speculation. In any case there are some coincidences that can not be overlooked. -Floyd Thomas Pratt 2009

Alexander married **Mary Kimberlin**, daughter of **Rhinehart "Rinard" E. Kimberlin** and **Frances Jane Peters**, on 28 June 1856 in Washington, Missouri, United States. Mary was born in 1835 in Richwoods Twp, Washington, Missouri, United States, died from 1876 to 1880 near Osage Post Office, Johnson Twp, Washington, Missouri, United States at age 41, and was buried from 1876 to 1880 in probably Hamilton Hollow Cemetery, Johnson Twp, Washington, Missouri, United States.

## **1835-1837 Birthblock for Mary (KIMBERLIN) daughter of Rinard E. & Frances Jane (PETERS) Kimberlin**

Mary (**KIMBERLIN**) was born in either Meremac Twp, Washington, Missouri, United States or Richwoods Twp, Washington, Missouri, United States in 1835-1836.

Date from 1840 census states she was born 1835-1840.

Date from 1850 census states she was born in 1835 in Missouri.

Date from 1860 census states she was born in 1837 in Missouri.

Date from 1870 census states she was born in 1835 in Missouri.

Since her brother Michael is listed as age 16 in the 1850 census and Mary as age 15 then Michael would have been born in 1834 and Mary in 1835. In the 1840 census Michael is in the 5-9 range which would put his birth at 1841 to 1835 and Mary is in the 4 & under range which would put her birth in the 1836 to 1840 range. Therefore, Michael was born 1834 and Mary was born 1835-1836.

## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family.

When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship.

When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land. Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

Between 1860-1875, Dr. John B. Bell was commissioned by the Union Army to give physicals for pension applications in Potosi, Mo. These records are known as "The John B. Bell Papers" and are housed in the library at the University Of Missouri in the manuscript room at Rolla, Phelps, Missouri, United States.

*"Persons belonging to the E.M.M. 32nd Reg. 22 March 1864*

*#57 Alex Pratt age 19 Diagnosis: Tuberculosis & debility."*

[These medicals took place at Potosi, Washington, Missouri. Debility is weakness caused by long sickness. Alex is listed next to his brother John. Unknown why his age was given as 19. Apparently the Union Army was having trouble raising enough able-bodied men to fight or he was already in the war and was discharged due to medical condition. Since I can not find any Pratt's fighting in the Civil War for the white man, then probably this was all a ruse to avoid the civil war conflict.]

## **1856 Birthblock for James Franklin Studdard son of James William & Betsy "Bacey" Susie Nancy (PRUITT) Studdard**

James Franklin Studdard was born Meramec Twp, Crawford, Missouri, United States on 12 April 1856.

Date from 1860 census states he was born 1856 in Missouri.

Date from 1870 census states he was born ???

Date from 1880 census states he was born 1854 in Missouri.

Date from 1930 census states he was born 1859 in Missouri.

Date from the death certificate states he was born 12 April 1860 in Jefferson County, Missouri.

Since his parents listed his birth after his brother John in the 1860 census, then he must have been born in 1856.

## **Research Note**

The surname Studdard has been loosely used by various members of these families. Even within siblings I have found the following variations...Stuthers, Struthers and so forth. Further research needs to be done to discover the origins of the Studdard name. Be mindful when researching legal as well as family records for these ancestors, the variations and include all known spelling possibilities. Remember, these people back in the 1700's and 1800's were not educated and pronounced everything phonetically. FTP

Since we can't find them in the 1870 census, this puts us at a severe disadvantage for locating their residency. This also is important to acknowledge that Bacy was using John Murray's surname for his children. Lucas' death certificate says he was born in Crawford County in 1871 but using all kinds of variations on the Murray name as well as each of the two girls that we would know to be home in 1870 has produced no results.

If his wife; Mary Ellen (**PRATT**) Studdard was buried in Hamilton Hollow Cemetery as reported by her granddaughter; Dollie (**STUDDARD**) Lohmann, then logic dictates he was buried beside her. However, without proof, i.e., newspaper, funeral home or other documents, we really don't know where he was buried. So, for now I will concede to believe Odd Fellows Cemetery (IOOF), Sullivan, Franklin, Missouri, United States as his burial location.

## **Name Change**

What significance Confederate General Thomas Jonathan "Stonewall" Jackson had in Alexander R. Pratt's life is unknown. Since none of the Pratts in that family participated in the Civil War it is highly unusual for Alex to name one of his male children after a southern general. Obviously, Alex must have been influenced by others because he had no personal association with the general or the Civil War. Another observation, he named his son; Stonewal Jackson Pratt during the Civil War. When Stonewal Jackson Pratt met Mary "Mollie" Louise (**TAYLOR**) he dropped "Stonewall" and went by Jackson Newton Pratt after his marriage. Since, Mary "Mollie" Louise (**TAYLOR**) claimed her family was related to President Zachary Taylor, then obviously they were of northern affiliation and her husband having a southern general's name was not acceptable. So, shortly after Jackson's marriage, this new middle name of Newton appears on his legal documents. Also, when he married Mary "Mollie" Louise (**TAYLOR**) in 1884, she being of Catholic faith, converted him to the Catholic church and upon baptism, he chose Newton as his name in the church and for legal purposes. Several of their children were christened in the Saint Stephen's Catholic Parish in Richwoods, Washington, Missouri, United States. This probably caused some alienation within Jackson Pratt's family that resulted in Jackson leaving the Johnson Township, Washington County area and moving to Columbia, Boone County, Missouri. First, most of the other Pratt family members were Methodists, Baptists or Penecostal...not Catholic. Second, Jackson changed his name and rejected his birth name. I have found even in modern times, due to a lack of religious tolerance among family members, many family relationships were severed and have never found reconciliation. Nevertheless, in Columbia he was known as Jackson Newton Pratt.-- Floyd Thomas Pratt 2008

Between 1860-1875, Dr. John B. Bell was commissioned by the Union Army to give physicals for pension applications in Potosi, Mo. These records are known as "The John B. Bell Papers" and are housed in the library at the University Of Missouri in the manuscript room at Rolla, Phelps, Missouri, United States.

*"Persons belonging to the E.M.M. 32nd Reg. 22 March 1864*

*#57 Alex Pratt age 19 Diagnosis: Tuberculosis & debility."*

[These medicals took place at Potosi, Washington, Missouri. Debility is weakness caused by long sickness. Alex is listed next to his brother John. Unknown why his age was given as 19. Apparently the Union Army was having trouble raising enough able-bodied men to fight or he was already in the war and was discharged due to medical condition. Since I can not find any Pratt's fighting in the Civil War for the white man, then probably this was all a ruse to avoid the civil war conflict.]

## **1901 Childbirth of son; Ralph Alexander Pratt Sr.**

Ralph Alexander Pratt Sr. was born in Richwoods, Richwoods Twp, Washington, Missouri, United States on 9 June 1901.

## **1906 Family Move**

The Jackson Pratt family moved from Richwoods Twp, Washington, Missouri, United States to Sexton Road, Columbia, Columbia Twp, Boone, Missouri, United States in 1906. It seems strange that of all of Alexander's children, Stonewall Jackson Pratt left the tri-county area *i.e.*, Washington, Crawford, Franklin counties and moved his family to Columbia, Mo. He appears in the 1900 Washington County, Missouri census however, when he died in 1941 his son stated that his father had lived in the Columbia, Missouri area for 35 years. This means Jackson Pratt left our area about 1906. Jackson's father; Alexander, was still alive then and hadn't died until 1912. You would think he would have stayed close in the area to his brothers and sisters. By the 1910 census the Jackson Newton Pratt name was official. Apparently, his wife who was of northern roots, didn't want him to use a southern general's name. On 17 May 1994, I made a trip to Columbia, Missouri and visited Ralph Alexander Pratt II and his wife Anita. Ralph said that he had lived with his grandpa and grandma until he was 11 years old and they told him that they moved up to Columbia so their children could attend College and for a better financial opportunity. Since, Mary Louise ( **TAYLOR**) Pratt was a school teacher back in Washington County, then this move sounds plausible. According to the death record of their daughter; Alice ( **PRATT**), she was a student in 1916 when she died of typhoid fever. She was 19 years old at the time and she must have been attending college. What concerns me about this statement is...Saint Louis had older and better accredited and more prestigious colleges than Columbia. There may have been an additional undiscovered motive for the move.-Floyd Thomas Pratt 2008

Date from the death certificate states she was born 26 May 1865 in Columbia, Boone, Missouri, United States.

Date from headstone states she was born 26 May 1866.

On Ralph Alexander Pratt's death certificate she gave Postoi, Missouri as her birthplace.

[Mary "Mollie" Louise ( **TAYLOR** ) was not born as the 1870 census states in 1859 because she is not listed in the 1860 census with her parents. Since my St. Joachim Catholic Church baptismal records only go to 1845 then I can not verify her exact birthdate and baptismal date. Seeing that her father or mother was the Catholic influence in her life, I am sure there is a record for her at the St. Joachim Catholic Church at Old Mines, Missouri. Otherwise, we can only speculate that she was probably born the 26 May but between 1861 to 1863.]

## **Name and Description**

Mollie was her nickname. She was a petite woman and she was well educated. She taught school in Washington County, Missouri and spoke French fluently. She told Ralph, her grandson, that Zachary Taylor was her uncle or Great uncle. She also said that her family came with the Cajuns to Missouri. I believe she was a strong influence for Stonewall Jackson Pratt to drop the Stonewall since her family were of northern persuasion.

## **1901 Childbirth of son; Ralph Alexander Pratt Sr.**

Ralph Alexander Pratt Sr. was born in Richwoods, Richwoods Twp, Washington, Missouri, United States on 9 June 1901.

## **1906 Family Move**

The Jackson Pratt family moved from Richwoods Twp, Washington, Missouri, United States to Sexton Road, Columbia, Columbia Twp, Boone, Missouri, United States in 1906. It seems strange that of all of Alexander's children, Stonewall Jackson Pratt left the tri-county area *i.e.*, Washington, Crawford, Franklin counties and moved his family to Columbia, Mo. He appears in the 1900 Washington County, Missouri census however, when he died in 1941 his son stated that his father had lived in the Columbia, Missouri area for 35 years. This means Jackson Pratt left our area about 1906.

Jackson's father; Alexander, was still alive then and hadn't died until 1912. You would think he would have stayed close in the area to his brothers and sisters. By the 1910 census the Jackson Newton Pratt name was official. Apparently, his wife who was of northern roots, didn't want him to use a southern general's name. On 17 May 1994, I made a trip to Columbia, Missouri and visited Ralph Alexander Pratt II and his wife Anita. Ralph said that he had lived with his grandpa and grandma until he was 11 years old and they told him that they moved up to Columbia so their children could attend College and for a better financial opportunity. Since, Mary Louise ( **TAYLOR**) Pratt was a school teacher back in Washington County, then this move sounds plausible. According to the death record of their daughter; Alice ( **PRATT**), she was a student in 1916 when she died of typhoid fever. She was 19 years old at the time and she must have been attending college. What concerns me about this statement is...Saint Louis had older and better accredited and more prestigious colleges than Columbia. There may have been an additional undiscovered motive for the move.- Floyd Thomas Pratt 2008

[Seems to be a discrepancy of enormous proportions. When I read their marriage record in 1976, I was new to research and as an untrained observer, I thought I saw her name as Mrs. Other researchers have now reported that the Mrs. was actually Misf which was a double "s" indicating she was a Miss not a Mrs. After viewing the actual record, I must now conclude that it is written as Miss not Mrs. I have found in the census records a Miss Catherine Adaline ( **DUGAN**) in Franklin County, Missouri who was 20 years old. Alexander would have been 53 years old at the time of this marriage and surely the newspapers should have written an article about the discrepancy in age of this marriage. I have not had the time to check the Sullivan, Potosi, Bourbon or Steelville newspapers to verify any such article. However, if Adaline, the 20 year old in the census is the one he married...that would explain her ability to bear two children and dying young, from childbirth complications in 1892.]

Jackman Whiteside must have died between 1886-1887. His youngest daughter, Mary (WHITESIDE) was born July 1887. I checked the divorce records in Washington County from 1884-1888 and could not find any divorce papers. Checking the local newspapers at that time should reveal his death or news that he had left the area abandoning his family. Since Fannie remarried in 1888 would indicate she was either a widow or separated.

## **1915 Burial of David McDonald Campbell**

[Location given to me from son, Harry Campbell. I suspect Elizabeth ( **RUSS**) Campbell had been buried in Hamilton Cemetery, Hamilton Hollow, Johnson Twp, Washington, Missouri, United States when she died between 1872-1876. My reasoning for this is when David died in 1915 he was buried in this cemetery. When his 3rd wife Fannie (**PRATT**) Whiteside Campbell died in 1934 she was buried in the I.O.O.F. Cemetery, Sullivan, Meramec Twp, Franklin, Missouri, United States where most of her children and their spouses have been buried. Therefore, it appears David wanted to be buried next to his first wife, Elizabeth ( **RUSS**) Campbell...if my hypothesis is correct.- Floyd Thomas Pratt 2009]

## **1982 Story about the death of Alexander Pratt**

21 June 1982 Story about the death of Alexander Pratt

[In 1982, I used to travel throughout the middle portion of Missouri tracking down ancestors and related families. One such family was Thomas Livey and Polina (**PRATT**) Callahan family; Alexander's daughter who had lived in Cheryville, Osage Twp, Crawford, Missouri for many years and had children who still lived in that area.

## Henry Pratt and Descendants

---

One such child was Fred C. Callahan born 4 July 1907 in Cherryville, Osage Twp, Crawford, Missouri, United States and died 29 January 1992 at Rolla, Phelps, Missouri, United States. After receiving a reply to my newspaper ad looking for Alexander Pratt's grave from Elsie Conaway, who told me where the gravesite was located, I started to contact the Callahan family and drove to Cherryville to visit Fred Callahan on 21 June 1982. He related the following story to me about his grandpa...Alexander Pratt.]

When he was a little boy...about 5 years old, Grandpa Alex (Alexander R. Pratt) came to visit his Mom and Dad (Lina & Tom Callahan) who lived near Cherryville, Missouri. Little Freddie used to "pick" on his Grandpa by climbing on him and playing with him like little grandchildren do with their grandfather. [I know from personal experience that Brian and Jacob love to wrestle with me and get me down on the floor and climb on top of me and "beat me up". I've watched my father play with his great-grandchildren the same way.]

One day, Grandpa Alex was rockin' in a rockin' chair by the fireplace chewin' tobacco, when little Freddie ran into the kitchen where his mother was cookin' and said "Momma, sumptins wrong with Grandpa", Lina said, "You quit pickin' on Grandpa or I'll box your ears." They went into the front room and Lina found that Alex Pratt had died of a heart attack in his rocking chair. He was 79. This happened in 1912. Unknown if it was in the earlier part of the year or the winter months of the year.

Fred told me because the roads were slick with ice from an ice storm, they couldn't get the wagon with Alexander's body up the hills to take him back to his home in Sullivan to be buried, so they buried him in the Freeman Cemetery outside of Cherryville, Missouri. [I have driven' those roads at Cherryville and they are extremely steep and even hard to drive up them when the road is clear let alone when there is snow or sleet on the highway.] Carac Pratt, Alex's son from his second marriage, put a small metal marker at the grave site in 1975, which was still there when I visited the grave in 1982. Luckily, I took a picture of that metal placque because I have now been told that someone took the placque from the cemetery and it is missing. This is a drawing of where he is buried. It is now 2008, so I am trying to remember from my 1982 visit.

His gravesite was about 3 or 4 in from the back fence towards the gate. I had made 2 attempts to find his grave. I had ridin' my motorcyle from Springfield, Missouri where I was living and operating an insurance agency. On my first visit I walked all over the cemetery and found nothing. I had left the radio on the motorcycle and it was playing "rock" music and I was not in tuned with the spirit and I was unsuccessful. There was a spot that I felt a strange feeling come over me but I didn't know why, there was nothing there. On my second trip on a different day, this time, I left the radio off and Elsie Conaway came with me and showed me where he was buried. To my surprise, it was in the same spot I had previouly searched but found nothing. There it was...the metal marker clearly sticking out of the ground. How did I miss it the first time, I do not know.

Maybe I wasn't intuned with the spirit and was blinded by the ways of the world and failed to see. I don't know.

That is the story on how Alexander Pratt became buried in the Freeman Cemetery, Cherryville, Crawford, Missouri, United States. There should be newspaper accounts of his death in the Sullivan, Bourbon, Steelville and/or Potosi newspapers. Those newspapers are kept at the Missouri Historical Society in Cloumbia, Missouri and I had to travel to Columbia to get to read them. Usually I was permitted to have one day because I was a working father and had to raise a family at the same time I was trying to research my family line. I found some references to the Pratts, Blantons, Carters and other families in those papers but time prevented me from doing a thorough research. Maybe one day they will be online.-Floyd Thomas Pratt F.H.C., M.A.G.I. 2009

## **1982 Lou Bobbit's recollections of his Grandmother; Polina (PRATT) Callahan**

Lou Bobbit is the Grandson of Thomas & Lina Calahan. He lives on Hiway 49 between Davisville and Cherryville. He stated that Polina Pratt often told the story of how her family came from Tennessee in a cart pulled by oxen. When I asked him why the Pratts settled in Washington and Crawford Counties of Missouri he said his grandmother Polina AKA "Aunt Lina" to the locals in the Cherryville area said the area looked a lot like their home in Tennessee. He also said she was a midwife and has delivered much of the population of Cherryville, Missouri. Story related to Floyd Thomas "Tom" Pratt on 21 June 1982.

Paulina married **Thomas "Tom" Livey Callahan**, son of **James Madison Callahan** and **Annie Elizabeth "Betsy" Yoder**, on 3 February 1887 in Washington, Missouri, United States. Thomas was born on 8 May 1853 near Elm Grove Post Office, Union Twp, Crawford, Missouri, United States, died on 23 March 1932 in Osage Twp, Crawford, Missouri, United States at age 78, and was buried on 24 March 1932 in Martin Cemetery, Cherryville, Osage Twp, Crawford, Missouri, United States.

[Seems to be a discrepancy of enormous proportions. When I read their marriage record in 1976, I was new to research and as an untrained observer, I thought I saw her name as Mrs. Other researchers have now reported that the Mrs. was actually Misf which was a double "s" indicating she was a Miss not a Mrs. After viewing the actual record, I must now conclude that it is written as Miss not Mrs. I have found in the census records a Miss Catherine Adaline ( **DUGAN**) in Franklin County, Missouri who was 20 years old. Alexander would have been 53 years old at the time of this marriage and surely the newspapers should have written an article about the discrepancy in age of this marriage. I have not had the time to check the Sullivan, Potosi, Bourbon or Steelville newspapers to verify any such article. After researching the Dugan family, I am convinced Adaline, the 20 year old in the census is the one he married...that would explain her ability to bear two children and dying young, from childbirth complications in 1892.]

## **1893 Childbirth of son, my grandfather; Columbus "Lum" Benjamin Alexander Pratt**

Columbus "Lum" Benjamin Alexander Pratt was born 1 December 1893 at Hamilton Hollow, Johnson Twp, Washington, Missouri, United States.

[Concerning his place of birth, my grandmother, Rue ( **JOHNSON**) Pratt told me Lum was born in Catawissa, Calvey Twp, Franklin, Missouri. However, this is contrary to the location of his parent's residence which was at Hamilton Hollow, Johnson Twp, Washington, Missouri, United States. Since the 1890 census was destroyed by fire, we do not have the location of his parent's exact residence. The 1880 census states his father was in Johnson Twp, Washington County, Missouri and the 1900 census states his father lived in Johnson Twp, Washington County, Missouri since both censuses are in Johnson Twp, Washington County, Missouri then I would conclude that he was born in Johnson Twp, Washington, Missouri not Catawissa, Calvey Twp, Franklin, Missouri. Also, on his brother's, Jesse Lee Pratt's death certificate, it states that Jess was born near Sullivan, Missouri. Since Sullivan is the closest town to Hamilton Hollow then this also supports my assumption that Columbus was born in Hamilton Hollow. Without stronger evidence supporting the Catawissa birthplace, I believe that Columbus Benjamin Alexander Pratt was born at Hamilton Hollow, Johnson Twp, Washington, Missouri, United States. Therefore, until new proof can be found to support the Catawissa birthplace, henceforth based on the above evidence I stand by my presumptive conclusions.]-Floyd Thomas Pratt 2009

## **Henry Winslow & Mary Laura Magdalene (MISSEY) Pratt's Crows Creek Family Home**

**by Floyd Thomas Pratt F.H.C., M.A.G.I. 16 August 2010**

Back in the early 1990's Bonnie and I were attending the Pratt-Graddy family reunion in Bourbon, Missouri. They always held the reunion on the 2nd Saturday of each September.

After much coaxing, I was able to convince Dad, Uncle Jim and Aunt Edith to take me to Henry Winslow Pratt's cabin location on Crows Creek. I had never been there and after all these years I now knew some history of that property. I wanted to research the property and surroundings taking pictures for future posterity.

So, with about 15 to 20 people, piled into several cars, we drove out of Bourbon to Sullivan took Highway D to Sappington Road and drove down to Thickey Ford Road near Greens Branch creek...I think. I think we had to cross Greens Branch to get to the cabin's location because there were no roads into the property.

When we got to the section where Thickey Ford Road makes a sharp left, the dirt road continued straight on down the hill...but, at the entrance of someone's property there was a padlocked gate so, we had to park our cars up by the gate and walk to the creek.

## Henry Pratt and Descendants

---

We walked down the hill towards the creek about 100 yards and when we got to the creek, the 2 wheeled road drove right into the creek and up the other side. You've seen those roads, where you have weeds and grass growing up in-between where the wheels drove. The creek was about 30 feet wide but not very deep.

It had rained the night before and the creek was up to about our knees-waist and it was flowing rather quickly and it was *cold*.

I was excited about being able to see the cabin location that Columbus Francis Missey had owned and gave to Henry & wife; Mary Laura Magdalene ( **MISSEY**) Pratt family.

Uncle Jim knew the most about the location and said that when they were little, he and his brothers used to visit the cabin before it burned down. Now all that was left was a rock foundation and maybe a chimney. He said he would like to take a metal detector and look for old coins around the cabin.

I was of course, gung ho! And ready to wade the creek but the rest being of older years, feigned off and I did not get to cross the creek and walk to the Pratt family home site. Uncle Jim said it was quite a ways up the hill.

So, my fellow readers, cousins, brothers, nieces, nephews, grandchildren and children I can not give you an exact location or my impressions of the area...maybe one day, you may get to visit it.

Besides my 30-year insurance career, I also held two real estate licenses; one for Gundaker Realty in St. Charles, Missouri (about 1992-1993) and one for All Aces Century 21 Real Estate Company in Bradenton, Florida (1995-1996).

One of the purposes of getting a real estate license besides making money-selling properties was to teach myself how to read maps. This has come in handy when reading deed records and looking for ancestor's property.

In the C2G Profile of François Columbiér Columbus "Lum" Missé, I list the exact location of that property he bought on Crows Creek in 1890.

That property he lived at from 1890 to 1911, when Henry & family moved in, I guess it became too much for Lum, because the Sullivan Sentinel newspaper article on 3 November 1911 said Lum was moving to Bourbon, Missouri.

I imagine Lum's second wife; Mary Lavina ( **CAUFIELD**) Missey may not have liked being crammed into a small cabin with Henry's large family.

He left Henry and Mary the house on Crow's Creek and Lum and wife moved to Bourbon where Lum died on 26 April 1916.

So, there you have it, one of my disappointments of life...locating the cabin where my 2nd great grandfather; François Columbiér Columbus "Lum" Missé (Lum) lived and owned, where my great grandfather Henry Winslow Pratt (Win) lived and died

(1914) and where my grandfather; Columbus Benjamin Alexander Pratt (Lum) was born (1896).

Who knows, maybe...one day I may still get there yet. Floyd Thomas Pratt F.H.C., M.A.G.I. 2010

This is the entirety of the text. However it is riddled with errors. When John McCormick was gathering information for his book, he sent letters to all the surnames he could find in the Crawford, Washington, Franklin county areas. One of these letters came to Floyd Theodore Pratt, my father.

Dad, not knowing a great deal about ancestors sent a copy of the letter to Rue Flavilla (**JOHNSON**) Pratt his mother; my grandmother. She wrote what she knew on letter paper about the Pratt, Johnson and allied families and sent it back to Dad in Sioux Falls, South Dakota where we lived in 1961. Dad added his comments to the information and sent all he knew with Grandmother's information and sent it to Mr. McCormick. Without my grandmother's effort there would have been no reference to the Pratt's let alone related families.

Concerning the validity of the information, as you know by now Alexander R. Pratt was born in Monroe County, Tennessee in 1831-1832. After a forced march on the "Trail of Tears" with his family, Henry and Nancy (**CARTER**) Pratt jumped trail in Crawford County, Missouri and by the 1840 census had settled in Richwoods Twp, Washington, Missouri.

After some time Henry and family settled in what is now called the Hamilton Hollow area of the Johnson Township of Washington County, Missouri.

In 1856 Alexander 1st married Mary (**KIMBERLIN**) daughter of Rhinard & Frances Jane (**PETERS**) Kimberlin(g). Alexander and Mary had 8 children; (1) Mary Ellen (**PRATT**) married James Franklin Studdard; (2) Michael Pratt died young; (3) Stonewall Jackson Pratt married Mary Louise (**TAYLOR**); (4) Frances "Fannie" Minerva (**PRATT**) 1st married Jackman Whiteside, 2nd David McDonald Campbell; (5) Polina "Lina" (**PRATT**) married Thomas Livey Callahan; (6) Henry Winslow Pratt married Laura Mary Magdalene (**MISSEY**); (7) Rhinehart "Rinard" Pratt never married; (8) Minnie (**PRATT**) married George William Richter.

On 20 August 1885, Alexander Pratt married 2nd; Catherine Adaline (**DUGAN**) they had 2 children; (1) Carac Francis Pratt married Olivea Jane (**JARVIS**); (2) Cleveland Pratt died young. It appears Catherine (**DUGAN**) Pratt died in childbirth in 1892.

Even though John McCormick's article was full of errors, written back in 1970, it gave me a roadmap to verify and validate the information I discovered about the Pratt family...thank you, John McCormick...good job, well done. And thank you Dad and Grandmother Rue. -Floyd Thomas Pratt 2009]

## 1980's Family Story

Sometime in the 1980's, Ethel Isgriggs told me the story about Winslow and Columbus having an argument over cutting firewood. The story goes that "Win" told

# Henry Pratt and Descendants

---

his son "Lum" to cut some firewood. Lum refused and Win told him he would have whip him if he didn't obey. Lum still refused and Win and Lum started to fight and brawl until Win won and Lum cut the firewood. The amazing thing about this story is Lum was around 14 to 16 years old. Win was in his 40's!

Ethel also said the Pratt's were hard cases and rough people. They were also financially poor. This hard case characteristic in their personality is a carryover from their "Trail of Tears" heritage and Cherokee culture when life was rough and survival was the order of the day. Hard times required hard men and the Pratt's took second seat to none.

This had it's positive influence and negative influence. The positive was that the Pratts were taught to stand on their own two feet and be accountable for their actions. This led to independence and strength. The negative result was a lack of ability to love unconditionally or to express their affections. Without our dear wives teaching us to even the scales of justice with love, we Pratts could not be the loving husbands and fathers that we are today. This story was also verified by my Great Aunt Eula Viola (**RICHARDSON**) Pratt.-Floyd Thomas Pratt 2009

[This is what happens when people take other people's information without research or collboration. As you probably already have seen the simularities between the John McCormick book and the above information Harry Wrote in this article. When Harry was alive in 1990's I visited him at his home in Leasburg and he gave me many newspaper articles about the people of Crawford County. I have those in my collection of family artifacts. He admitted he did not do any research and just collected information for his weekly article in the Bourbon Beacon. This prompted my decision to submit articles to the Bourbon Beacon about families of Crawford County but the difference being, my material would be original with documented evidence. That's when I sent my articles to the Bourbon Beacon for about a year before they went out of business.

Concerning the article above, on the newspaper original that I have in the Henry Winslow Pratt family file, it is unknown to me where I got that article or who had written on it and made corrections. So, I did not write on it but maybe it was in Grandmother Rue's stuff that dad had given me.]

## **My 2008 Rebuttal to the error ridden articles**

First of all Alexander Pratt married **Mary** Kimberlin, daughter of Rinhard (Rhinehart) Kimberlin(g) and Frances Jane ( **PETERS**). Alex was from Tennessee not Pennsylvania. Looking at the 1860 census it looks like the censustaker wrote PENN for a birthplace for Alex but if you compare the T's you will see it acutally is TENN for Tennessee. Alex and Mary had 8 children. Alex married 2nd Miss Catherine Adlaine ( **DUGAN**) and had sons; Carric & Cleveland Pratt.

Children of Alex and Mary ( **KIMBERLIN**) Pratt: (1) Mary Ellen ( **PRATT**) married James Franklin Studdard; (2) Michael Pratt died young; (3) Stonewall Jackson Newton Pratt married Mary "Mollie" Louise ( **TAYLOR**); (4) Frances "Fannie" Manerva ( **PRATT**) married 1st Jackman Whiteside, 2nd David McDonald Campbell; (5) Paulina "Lina" ( **PRATT**) married Thomas Livey Callahan; (6) Henry Winslow "Win" married Laura Mary Magdalene ( **MISSEY**); (7) Rhinehart "Rinard" Pratt never married; (8) Minnie ( **PRATT**) married George

Children of Alex and Catherine Adaline ( **DUGAN**) Pratt: (1) Carac Francis Pratt married Olivea Jane ( **JARVIS**); (2) Cleveland Pratt died young.

[Henry & Laura children are listed as 1a, 2a, 3, etc.]

(1a) Columbus was born 1 November 1893 in Johnson Twp, Washington, Missouri and died 27 July 1947. He married Rue Flavilla ( **JOHNSON**) daughter of Judge James Millard Sr. and Mary Jane Theodosia "Dosia" ( **BARTON**) Johnson of Bourbon on 12 April 1919.

Children of Columbus & Rue ( **JOHNSON**) Pratt all 6 of them: (1) Mary Edith ( **PRATT**) married Chester Milford Skaggs; (2) Carl Benjamin married Mary Theresa ( **BRESCIA**); (3) Roy Lee married 1st Mary Jane ( **STEIDEL**), 2nd Gladys Louise ( **EATON**), 3rd Bernice Irene ( **STRAIN**); (4) Floyd Theodore married 1st Delores Virginia ( **BROWN**), 2nd Dorothy ( **BEDNAREK**); (5) James Henry married Evelin Juantia ( **MILLER**); (6) Nadine Wilma Pearl ( **PRATT**) died young.

(2a) Jesse Lee Pratt born 23 November 1894 and died 12 August 1962 married Nadine Mae ( **SKAGGS**) no children.

**Note: When you have amateurs giving information without documentation through research, mistakes like the above article are written. Harry states in the article that Winslow and Laura had the following 8 children and then he names only 7 of them leaving Albert Paris Pratt completely out of the article.**

(3a) Albert Paris Pratt born 28 June 1897 and died 11 August 1936. He married Mary ( **SHEPARD**). No children.

(4a) Virgil Ranson Pratt born 4 July 1899 and died 21 January 1971. He married Eula Viola ( **RICHARDSON**) daughter of William Eli "Pete" and Jessie ( **COFFMAN**) Richardson.

Children of Virgil and Eua ( **RICHARDSON**) Pratt all 6 of them: (1) Rosalie Ruth ( **PRATT**) married James "Jim" William Mayberry; (2) Thelma Dorothy ( **PRATT**) married David Andrew Rowland; (3) Mary Jessie ( **PRATT**) married Calvin Mason Ivie; (4) Curtis "Curt" Albert Pratt married Tommie ( **MULLENS**); (5) Donald Virgil Pratt married Wilma Laverne ( **GEORGE**); (6) Eugene "Gene" Lee Pratt married Joann ( **GARCIA**); (7) Virginia "Ginnie" Gay ( **PRATT**) married Leonard Edward Slankard.

(6a) Ruth Jane (**PRATT**) born 8 August 1904 died 26 September 1961 married Rufus Allen Graddy.

Children of Rufus & Ruth (**PRATT**) Graddy all 14 of them: (1) Dorothy Mae (**GRADDY**) married Ernest Otha **Whitaker**; (2) Mildred Opal (**GRADDY**) married Allie Hurst; (3) William Allen Graddy married **Pearline** (**DAVIS**); (4) Hilda Mary (**GRADDY**) married **Murrel** Clay Phillips; (5) Harold Lee Graddy married Mildred "Mickey" (**MARTIN**); (6) Edward James Graddy married **Kathleen** (**REEVES**); (7) Evelyn Laura (**GRADDY**) married **Virgil Charles** Schmitt; (8) Benjamin Lewis Graddy married Evelyn (**BAYLESS**); (9) Donald Earl Graddy married Faye (**BRAY**); (10) Cecil Arthur Graddy married 1st Rosemary Ann Hartl (**FOLEY**), 2nd Frances Marie (**MANUES**); (11) Hazel Bell (**GRADDY**) married **Rolan** Charles Pennock; (12) Laird Dean Graddy married Pearl (**LITAKER**); (13) Betty Jane (**GRADDY**) married Leo Mayberry; (14) Ronald Francis Graddy married Cathy (**McMILLIEN**).

(7a) Mary (**PRATT**) born 12 June 1907 and died 7 October 1918 never married, died young.

(8a) Orville Hayes Pratt born 17 December 1911 and died 11 June 1980 married 1st Mary Olive (**MALLOW**) they had 3 children; (1) Orville Willard Pratt married Patricia Janet (**BARNES**); (2) Kenneth Lee Pratt married Joan Marie (**BENOIST**); (3) Kathleen Mae (**PRATT**) married Gayle Starling; Orville's 2nd wife Marie Virginia (**PARSLEY**), no children.

Concerning the John Pratt family that Harry refers to, no connection can be found at this time. However, Harry's information was wrong again because the Sarah (**PRATT**) he mentions is not the daughter of John Pratt but the daughter of Henry & Nancy (**CARTER**) Pratt.

Sarah Ann (**PRATT**) born 31 October 1834 and died 7 December 1896 married John Anderson Blanton son of Joshua and Benthany (**HARMON**) Blanton. After Sarah Ann died, John Blanton married 2nd Emma J. (**TROUTT**), 3rd wife \_\_\_\_\_ (**SKAGGS**).

Harry speaks of another J. Pratt in the 1850 census but I have not been able to connect him to the above Pratts. All the above information is documented in my 35 years of research database.-Floyd Thomas Pratt 2008]

## **Why did Alexander R. & Mary (KIMBERLIN) Pratt name one of their sons; Henry Winslow Pratt?**

**by Floyd Thomas Pratt F.H.C., M.A.G.I. 2009**

- The name Winslow is so unusual it is hard to determine where it came from. I can find no references or articles to famous people carrying that name circa 1860's or around the time of Henry Winslow Pratt's birth (1869). I can not find any family member in the Pratt, Carter, Blanton or Kimberlin lines that carried the Winslow name. However, there is a long shot I found through my research efforts, that may have a clue to the origin of the name.

David Jackson Staples married Mary Pratt (**WINSLOW**) in Boston, Massachusetts in 1848. This was the same year that gold had been discovered on the American River in California. David decided he had to go west to seek his fortune and with 25 men, including Mary's brother George Winslow from Newton, Massachusetts and her Uncle Jesse Winslow and others, formed the Boston-Newton Joint Stock Association.

In 1848 and with the intent of going to California to participate in the gold rush, David Staples kept a journal of the trip. Traveling by train and lake steamer they reached Ohio without incident. After reaching Cairo, Illinois by April 27th and heading north to Saint Louis (City) for provisions, the party was spurred on by a cholera epidemic in St. Louis and left for Independence, Missouri by paddleboat up the Missouri River.

On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, *a party"....returning haveing lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco.

## **Presumptive Conclusions**

The following questions and assumptions are based on several coincidences from the David Jackson Staples story. These queries are meant to provoke contemplation and engage the reader into action, so someone, somewhere will desire to investigate and find the answers.

- (1) Could the Mary Pratt (**WINSLOW**) from Newton, Massachusetts, that married David Staples have been a relative of Alexander or one of the other Pratts?
- (2) Was Alexander Pratt familiar with the Boston Pratts?
- (3) When the Staples party left St. Louis by paddleboat, they probably traveled the Missouri River.
- (4) They may have stopped at Hannibal, Missouri for provisions. Hannibal is not far from our Pratts in Crawford County.
- (5) Did the Staples-Winslow party stop and visit with the Pratts from Crawford County, Missouri?
- (6) One thing is known...Alexander Pratt went to the California gold fields in 1848-1849. This story was passed down by Alexander to his son; Carac who told his son; Orville, who told me in the 1980's before he died about Alex making the trip to California.
- (7) I have always speculated that if Alexander went west in 1848 to California for gold, he didn't go alone. I believe some of his brother's and maybe his father; Henry Pratt accompanied him.

## Henry Pratt and Descendants

---

(8) Let's take this one step further, could Henry & Alexander and his brothers have hooked up with the David Staples party when they were going through Missouri at about the same time?

(9) Could Henry Pratt, who we know was alive in 1842, could he have died on the trail out west? His wife, Nancy (**CARTER**) Pratt is a widow by the 8 October 1850 census date. After 35 years of researching, we still do not know where or when Henry Pratt died.

(10) David Staples' Journal says that "*a party of their group lost a husband father and friend due to the cholera epidemic and returned*". Could this have been Henry Pratt who died on the trail and his sons returned home to Crawford County, Missouri?

(11) Alexander is in the 1850 census with his mother and brothers. Why didn't he continue his westward trek to the gold fields of California? What would force him to return prematurely? Maybe the death of their father?

(12) Did Alexander's association with the Staples and Winslow men on the trail create an impression on Alexander, that in 1869 he named one of his sons--Henry after his grandfather and Winslow after his good friend George Winslow of Newton, Massachusetts?

(13) Alexander's son; Stonewall Jackson Pratt after reaching adulthood, dropped the "Stonewall" and took the middle name of "Newton". All the while he was alive in Columbia, Missouri since his adult life he was known as Jackson "Jack" Newton Pratt. Where did he get the name of Newton? From Newton, Massachusetts?

(14) Henry Winslow Pratt named one of his sons, Jesse Lee Pratt in 1894. I can find no previous references to the name Jesse in the Pratt, Kimberlin, Missey families other than Carter family which I am sure they, meaning Henry Winslow Pratt, was not aware of...Jesse Carter Sr. his great-grandfather. The Pratts did not have any written record of their family history so I am sure Jesse Carter Sr. was unknown to them. I think Henry Winslow Pratt named Jesse Pratt after Jesse Winslow from Newton, Massachusetts, who accompanied his father, Alex and David Staples westward to California.

(15) Once again Boston, Massachusetts pops up in my research. If the above hypothesis has any creditability, then maybe there was something to my great Aunt Eula's story about one of Jackson Pratt's boys stealing some Boston deeds from Laura (**MISSEY**) Pratt in the late 1920's or early 1930's. More on that story can be found in my article, "Who Stole the Deeds?" Should be noted that **many older** family members retold the stolen deed story to me, not just my great Eula Viola (**RICHARDSON**) Pratt.

I have a book titled "**Still Flying and Nailed to the Mast**", The First Hundred Years of the Fireman's Fund Insurance Company, by William Bronson, © 1963 by Doubleday & Company, Inc. Garden City, New York. This book gives an accounting of some of the journals of David Staples and the hardships they faced on their

# Henry Pratt and Descendants

---

journey to California from Boston.

When my father was in the insurance business and owned his own agency, he contracted with Fireman's Fund Insurance Company as an agent (around 1969) and they gave him this book. He later gave me the book. Little did I know the mysteries I would find concerning the Staples, Winslow and Pratt families within its pages. I found it strange that the founder of the Fireman's Fund Insurance Company had married Mary Pratt (**WINSLOW**). I realize without more collaborating evidence, the above hypothesis is purely speculation. In any case there are some coincidences that can not be overlooked. -Floyd Thomas Pratt 2009

In any case, in the Crawford County area, Henry Winslow Pratt was known by his contemporaries as "Win" Pratt.

## **My Mission Statement** **by Floyd Thomas Pratt F.H.C., M.A.G.I.**

The above information has taken 35 years to track down, collect, acquire and accumulate. When I began my research into the Pratt family in 1975, to fulfill the requirements of my church, very little was known about the Pratts.

Some knew of Winslow Pratt, only one person I met within the Pratt circle of family members knew of Alex Pratt, but just his name, but none not even the Blanton researchers had the facts straight or had done any serious research.

The research process was hard and difficult. Information could be obtained from very limited sources. Libraries, courthouses, cemeteries and personal stories from those who had lived and made history. Many hours were spent in front of microfilm machines looking at page after page, rolls after rolls of microfilm hoping to find your ancestor. Cemetery after cemetery were visited when one could make time between raising a family and working to support that family.

In the process, I met many new friends and shared stories with people, like ships passing in the night, sharing what I knew and finding out what they knew. This research process has and always will be a collective effort.

The research process required me to drive hundreds if not thousands of miles and led me into dusty record rooms of old courthouses, hundreds of cemeteries, small libraires in little towns across the United States documenting and looking for my roots and origins.

I traveled in pursuit of the truth from coast to coast, we have been to Washington D.C. to the Library of Congress, the Library of the Daughters of the American Revolution and the National Archives to name a few places.

I have sat in the chairs of Senators of Congress and seen the great hall, have picked up from the dirt a hand made nail in Spotsylvania, Virginia from my wife's family ancestral homestead. Brought back a homemade brick from the same ancestral home.

# Henry Pratt and Descendants

---

Have copied countless numbers of documents from all over this country and spent a small fortune in pursuit of the great question...Who was I, why was I here and who were those who had blazed trails before me? And most important of all...Why wasn't I rich?

I was not only able to answer those questions, but much, much more.

I discovered our Cherokee heritage and felt the sadness and heartbreak of Henry, Nancy and children leaving our Tennessee homeland, forced by bayonet on the "Trail of Tears", suffering the loss of children and family members on the journey. Having to jump the "trail" in order to prevent confinement in another concentration camp in Indian Territory...now known as Oklahoma.

I have walked over the hills of Monroe County, Tennessee on land where my Pratts and Carters lived.

Feeling, the struggle of the Pratts as they marched in the cold, without means and food to march over 800 miles to a strange land that they did not want to go to. Because of their Cherokee heritage, they were denied the rights of other men, to vote, to own land and to prosper as white men prospered.

Hiding in the caves of Johnson Township, Washington County, Missouri, from the US Army so they would not be forced to go to Indian territory, the Cave they hid in is now named Pratt Cave by the Army Corps of Engineers.

Henry and sons, building a log cabin on the bluff overlooking Pratt Spring, while white men like Absalom Blanton who married Henry's sister Cynthia, a Cherokee princess, was able to buy land and develop a mining operation and built a manison in what used to be called Blanton Hollow is now known as Hamiton Hollow.

Living in fear of the government, Henry and family scratched a meek meager existence as did other natives in the region. Eventually, their sons and daughters had children who attended schools and became properous. Leaving a proud legacy for future generations.

I climbed the hills to see Blanton Cemetery and on the other hill, Hamilton Cemetery and found the unmarked graves of many of my ancestors. Many indentations of a burial site with a rock or a mason glass jar as a headstone, with artifacts inside, as was Cherokee custom.

So, remember my reader, while you bask in your proud heritage of your pioneer ancestors, remember...they walked over the bones of my native ancestors to get where they were going. Since my Pratts are only one line, I am a man in conflict, because the rest of my ancestors were those Euroupean pioneers.

Has my life been enriched because of my genealogy research? Indeed. Do I have any regrets, none, just wish I had more time on this earth to continue more research and find the answers to some intriguing questions. But, I leave that to you, the next generations, to find the answers...or not.

## **1874 Birthblock for Mary Laura Magdalene (MISSEY) daughter of François Columbier Columbus "Lum" & Cynthia N. (TALBOT) Missé Missey**

Mary Laura Magdalene (**MISSEY**) was born in Johnson Twp, Washington, Missouri, United States on 20 February 1874.

Date from 1880 census states she was born in 1874 in Missouri.

Date from 1900 census states she was born February 1876 in Missouri.

Date from 1910 census states she was born 1875 in Missouri.

Date from 1920 census states she was born 1875 in Missouri.

Date from 1930 census states she was born 1874 in Missouri.

Date from death certificate states she was born 20 July 1874.

Date from headstone states she was born 20 July 1874.

[This is another instance where the birthdate is not conclusive. In the 1900 census at age 24 she states she was born in February 1876. Her parents in the 1880 census states she was born in 1874. On the death certificate her son, Virgil was the informant and he made errors on the death certificate. Therefore, apparently he really didn't know when she was born. I believe that the 20th day was correct, that February was the correct month and 1874 was the correct year. Therefore, I'm going with 20 February 1874.]

## **Name Variations**

I was told that her name was Laura Mary Magdalene (**MISSEY**), however, her mother

in the 1880 census states her name is Mary Laura ( **MISSEY**). Therefore since we are striving to record accurate information she will be recorded as Mary Laura Magdalene (**MISSEY**). Also, my father; Floyd Theodore Pratt gave me the information of the middle name of Magdalene.

## **1893 Marriage of Henry Winslow Pratt and Mary Laura Magdalene (MISSEY)**

Crawford County, Missouri, Marriage Record Book "E", page 172

*"William H. Pratt and Laura M. This is to certify, that undersigned a Minister of the Gospel did at residence of the bride in said County, on the 29th day of January A.D. 1893, unite in marriage the above named persons. M. A. [Should be noted that this is the only reference to Winslow's name as William. I attribute this error to the county clerk or minister recording this marriage due to their lack of familiarity with Henry Winslow Pratt. Laura ( **MISSEY**)'s residence was with her father; Columbus Francis Missey at Vilander, Liberty Twp, Crawford, Missouri, United States.]

## **1893 Childbirth of son; Columbus "Lum" Benjamin Alexander Pratt**

Columbus Benjamin Alexander Pratt was born 1 December 1893 at Hamilton Hollow,

# Henry Pratt and Descendants

Johnson Twp, Washington, Missouri, United States. [Concerning his place of birth, my grandmother, Rue (**JOHNSON**) Pratt told me Lum was born in Catawissa, Calvey Twp, Franklin, Missouri. However, this is contrary to the location of his parent's residence which was at Hamilton Hollow, Johnson Twp, Washington, Missouri, United States. Since the 1890 census was destroyed by fire, we do not have the location of his parent's exact residence. The 1880 census states his father was in Johnson Twp, Washington County, Missouri and the 1900 census states his father lived in Johnson Twp, Washington County, Missouri since both censuses are in Johnson Twp, Washington County, Missouri then I would conclude that he was born in Johnson Twp, Washington, Missouri not Catawissa, Calvey Twp, Franklin, Missouri. Also, on his brother's, Jesse Lee Pratt's death certificate, it states that Jess was born near Sullivan, Missouri. Since Sullivan is the closest town to Hamilton Hollow then this also supports my assumption that Columbus was born in Hamilton Hollow. Without stronger evidence supporting the Catawissa birthplace, I believe that Columbus Benjamin Alexander Pratt was born at Hamilton Hollow, Johnson Twp, Washington, Missouri, United States. Therefore, until new proof can be found to support the Catawissa birthplace, henceforth based on the above evidence I stand by my presumptive conclusions.]-Floyd Thomas Pratt 2009

I checked 1881 to 1917 deed records and could not find an entry where Henry Winslow Pratt was grantor or grantee. The home that my aunts and uncles remember between Crows Creek and Brazil Creek (see map) belonged to Columbus Francois Missey, Laura's father. He had entered a deed for 120 acres on 20 April 1889. Either he sold the property to Henry Winslow Pratt and they never filed the deed or the land was given to his daughter and son-in-law as a gift. The deed records need to be searched from 1917 to Laura's death to find out when C. F. Missey sold that land or how it was disposed. -Floyd Thomas Pratt]

## **1914-1916 Postcard**

It looks like my Grandmother Rue (**JOHNSON**) Pratt's writing of the names on the postcard which states..."Mrs. Laura Pratt, Ruth Pratt, Mary Pratt and Arvill Pratt". The other writing says "from Mother to Lum" that looks like Laura's writing and addressed to her son, "Columbus "Lum" Pratt, Patsy, Missouri". This was in the possession of my Aunt Evelin Juanita (**MILLER**) Pratt, wife of James Henry Pratt and she sent a copy of the picture and postcard to my father with the following note, "This picture was a postal card that Luara Pratt sent to your father. I have copied it for you. In case you wonder, Patsy, Missouri was around Cherry Valley. Don't know what he was doing there unless he was doing a home. Juanita." Lum worked in masonry and was a tie maker. Unknown, if this took place before the death of Henry Winslow Pratt in 1914 on afterwards. I figure the date to be circa 1914-1916 because Ruth looks like she is 10-11, Mary looks like she is 6-7, Orville looks like he is 3-4 years old. Floyd Thomas Pratt, F.H.C., M.A.G.I. 2009

She mentioned him by name, however I cannot verify this so no names are mentioned. FTP [See the report "Who Stole the Pratt Deeds"]

## **Family Story**

Edith (**PRATT**) Skaggs told me the following story about her Grandma Laura Pratt.

One day when Edith was a small child, she was riding in a buckboard wagon with Grandma Laura Pratt when they came to Brazeal Creek. It had rained the night before and the river was flooded. Grandma Pratt decided to go ahead and cross the creek without the benefit of a bridge. Edith said Grandma Pratt stuck her corn-cob pipe between her teeth and told the mules to giddy-up. As they crossed the high river, Edith said that the sides of the buckboard were almost flooded with river water. But this did not phase Grandma Pratt and they made it across to the other side safely. Edith said she was scared to death when the water almost overflowed into the wagon.

[This shows the pioneer spirit that our frontier women possessed. Strong women raised strong men and kept families together in a time when survival against the animals, wildness and weather was a primary concern. Laura Dea Pratt my daughter; was named in honor of this courageous ancestor. FTP]

[Seems to be a discrepancy of enormous proportions. When I read their marriage record in 1976, I was new to research and as an untrained observer, I thought I saw her name as Mrs. Other researchers have now reported that the Mrs. was actually Miss which was a double "s" indicating she was a Miss not a Mrs. After viewing the actual record, I must now conclude that it is written as Miss not Mrs. I have found in the census records a Miss Catherine Adaline ( **DUGAN**) in Franklin County, Missouri who was 20 years old. Alexander would have been 53 years old at the time of this marriage and surely the newspapers should have written an article about the discrepancy in age of this marriage. I have not had the time to check the Sullivan, Potosi, Bourbon or Steelville newspapers to verify any such article. After researching the Dugan family, I am

[Seems to be a discrepancy of enormous proportions. When I read their marriage record I was new to research and as an untrained observer, I thought I saw her name as Mrs. Other researchers have now reported that the Mrs. was actually Misf which was a double "s" indicating she was a Miss not a Mrs. After viewing the actual record, I must now conclude that it is written as Miss not Mrs. I have found in the census records a Miss Catherine Adaline (**DUGAN**) in Franklin County, Missouri who was 20 years old. Alexander would have been 53 years old at the time of this marriage and surely the newspapers should have written an article about the discrepancy in age of this marriage. I have not had the time to check the Sullivan, Potosi, Bourbon or Steelville newspapers to verify any such article. However, if Adaline, the 20 year old in the census is the one he married...that would explain her ability to bear two children and dying young, from childbirth complications in 1892.]

## **Anatomy of the Research**

After finding Minnie Pratt born 1876 in the 1880 census with her father; Alexander R. Pratt, this is all I had known about her or anyone else when I began my research back in 1976.

Before my great Aunt Eula (**RICHARDSON**) Pratt died, she told me that Minnie Pratt had married George Richter and moved to St. Louis then on to California where she worked for the Disney Corporation and Walt Disney named Minnie Mouse after her.

# Henry Pratt and Descendants

---

Based on that information, my research skills kicked into action and I found a marriage license in Clayton, Saint Louis (county), Missouri naming George Richter and Miss Minnie Pratt.

My next research was to check the soundex of 1900, I could not find Minnie Pratt listed as living alone. Alexander, her father is living in Bourbon, Crawford County, Missouri with his sons...but not Minnie. She would have been 24 by the 1900 census.

Checking the 1910 soundex I could not find a George Richter with his wife Minnie anywhere in the state.

However, checking the 1920 soundex I found a George Richter family living at 2238 Shenendoah Avenue, Saint Louis (city), Missouri, United States. I am not to sure that the Minnie that married in Clayton in 1906 is my Minnie Pratt.

After close scrutiny and investigation of the 1920 census, there popped up a mystery. Roy Pratt age 23 is listed as George Richter's step-son. There was also a daughter; Estelle age 12, a daughter; Clovie age 9 and a son; Elliott age 3 years and 2 months all with the surname of Pratt. This would mean that Minnie, his wife had been married before. If she was born in 1876, then she could have married at 15 years of age or anytime from 1891 to 1906. That means she could have had a different surname and Pratt was her first husband's surname, or, she was married but changed her name back to Pratt, her maiden name before she married George Richter.

After checking the marriage records for Crawford, Franklin, Washington, St. Louis from 1891 to 1906 for our Minnie Pratt to see if she had married between those dates I found no references.

All this research took place in the 1970's and 1980's. It is now February 2009 and I have finally gotten around to researching this family again. Floyd Thomas Pratt 2009

## Update

The big break to cracking this family was finding Minnie and George's death certificates and burial locations. The death certificate confirmed her relationship to George Richter and Alexander Pratt, this helped to bridge this family together. However, her first spouse and the father of Roy Thomas Pratt is still a mystery unless I order Roy's death certificate. Floyd Thomas Pratt June 2012.

Minnie married someone **Pratt** from 1895 to 1896.

Minnie married **George William Richter**, son of **James Franklin Richter** and **Sarah "Sallie" Ellen Lamkin**, on 16 May 1906 in Clayton, Saint Louis (County), Missouri, United States. George was born on 8 March 1878 in Dittmer, Meramec Twp, Jefferson, Missouri, United States, died on 16 August 1934 in Big River, Cedar Hill, Meramec Twp, Jefferson, Missouri, United States at age 56, and was buried on 19 August 1934 in Richter Family Cemetery, Jefferson, Missouri, United States.

## **Research Note**

Pertaining to the 1930 census, who Robert, Laurence and Lorma belong to is ambiguous. They don't match George's children with Minnie (**PRATT**) maybe they belonged to Mary, his second wife and he gave them his Richter surname.

## **Anatomy of the Research**

After finding Minnie Pratt born 1876 in the 1880 census with her father; Alexander R. Pratt, this is all I had known about her or anyone else when I began my research back in 1976.

Before my great Aunt Eula (**RICHARDSON**) Pratt died, she told me that Minnie Pratt had married George Richter and moved to St. Louis then on to California where she worked for the Disney Corporation and Walt Disney named Minnie Mouse after her.

Based on that information, my research skills kicked into action and I found a marriage license in Clayton, Saint Louis (county), Missouri naming George Richter and Miss Minnie Pratt.

My next research was to check the soundex of 1900, I could not find Minnie Pratt listed as living alone. Alexander, her father is living in Bourbon, Crawford County, Missouri with his sons...but not Minnie. She would have been 24 by the 1900 census.

Checking the 1910 soundex I could not find a George Richter with his wife Minnie anywhere in the state.

However, checking the 1920 soundex I found a George Richter family living at 2238 Shenendoah Avenue, Saint Louis (city), Missouri, United States. I am not to sure that the Minnie that married in Clayton in 1906 is my Minnie Pratt.

After close scrutiny and investigation of the 1920 census, there popped up a mystery. Roy Pratt age 23 is listed as George Richter's step-son. There was also a daughter; Estelle age 12, a daughter; Clovie age 9 and a son; Elliott age 3 years and 2 months all with the surname of Pratt. This would mean that Minnie, his wife had been married before. If she was born in 1876, then she could have married at 15 years of age or anytime from 1891 to 1906. That means she could have had a different surname and Pratt was her first husband's surname, or, she was married but changed her name back to Pratt, her maiden name before she married George Richter.

---

After checking the marriage records for Crawford, Franklin, Washington, St. Louis from 1891 to 1906 for our Minnie Pratt to see if she had married between those dates I found no references.

All this research took place in the 1970's and 1980's. It is now February 2009 and I have finally gotten around to researching this family again. Floyd Thomas Pratt 2009

## Update

The big break to cracking this family was finding Minnie and George's death certificates and burial locations. The death certificate confirmed her relationship to George Richter and Alexander Pratt, this helped to bridge this family together. However, her first spouse and the father of Roy Thomas Pratt is still a mystery unless I order Roy's death certificate. Floyd Thomas Pratt June 2012.

Alexander next married **Catherine "Katie" Adeline Dugan**, daughter of **Jeremiah "Jerry" Dugan** and **Louisa A. Pilant**, on 20 August 1885 in Hamilton Hollow, Johnson Twp, Washington, Missouri, United States. Catherine was born in 1865 near Maupin, Prairie Twp, Franklin, Missouri, United States, died in 1892 in Hamilton Hollow, Johnson Twp, Washington, Missouri, United States at age 27, and was buried in 1892 in Hamilton Hollow Cemetery, Hamilton Hollow, Johnson Twp, Washington, Missouri, United States.

[Seems to be a discrepancy of enormous proportions. When I read their marriage record I was new to research and as an untrained observer, I thought I saw her name as Mrs. Other researchers have now reported that the Mrs. was actually Misf which was a double "s" indicating she was a Miss not a Mrs. After viewing the actual record, I must now conclude that it is written as Miss not Mrs. I have found in the census records a Miss Catherine Adaline ( **DUGAN**) in Franklin County, Missouri who was 20 years old. Alexander would have been 53 years old at the time of this marriage and surely the newspapers should have written an article about the discrepancy in age of this marriage. I have not had the time to check the Sullivan, Potosi, Bourbon or Steelville newspapers to verify any such article. However, if Adaline, the 20 year old in the census is the one he married...that would explain her ability to bear two children and dying young, probably from childbirth complications in 1892.]

From Boone Twp, Crawford, Missouri, United States to Ishmael, Harmony Twp, Washington, Missouri, United States.

Carac Pratt's son; Orville Carac Pratt Sr. told me the following story:

In 1908-1909, Carac Pratt got into an argument with one of the Stroup boys. The argument turned to a fight and while Carac was preoccupied with the boy he was fighting, a brother of the Stroup boy pulled a knife and stabbed Carac in the back just missing his left lung. Carac was sick for 6 months and recuperated by staying with his sister Fannie Campbell. (Her full name is Frances Minerva "Fannie" ( **PRATT**) who married David McDonald Campbell. After Carac regained his strength back, he found the boy that had stabbed him and hit him in the head with a beer bottle putting the boy in the hospital. Carac fearing retaliation from the Stroup family left Sullivan area and settled in Ishmael, Washington County, Missouri, outside of Potosi. There he cut railroad ties and met his future bride, Olivea Jane ( **JARVIS**).-Floyd Thomas Pratt 1980

## **1841 Childbirth of sister; Matilda Jane "Janie" (PRATT)**

Matilda Jane "Janie" ( **PRATT** ) was born 20 October 1841 in Richwoods Twp, Washington, Missouri, United States.

## **1841-1850 Death of father; Henry Pratt**

Henry Pratt fails to show up in the 1850 census and is presumed dead. His last child was born 1842 therefore it is likely he died 1841-1850.

## **1841 to 1850 Death of Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT** ) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER** ) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER** ) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT** ) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

Goodspeeds *History of Franklin, Jefferson, Washington, Crawford & Gasconade Counties, Missouri* 1970, Reprint of the 1888, page 722

John A. Blanton, a blacksmith and wagon-maker, of Sullivan, Franklin Co., Mo., was born in Monroe County, Tenn., May 1, 1830. He is the fourth of fourteen children of Joshua and Bethanie (**HARMON**), and in 1842 immigrated to Missouri with his parents, who settled in Scott County and engaged in agricultural pursuits. He received a very limited schooling in his native State, and alone mastered the English language sufficiently to engage in business for himself. He was married August 10 1851, to Sarah A., daughter of ( sic) John Pratt, an old and honored citizen of Tennessee. Fifteen children were born to this union, seven sons and eight daughters, of whom two sons and two daughters are deceased. Those living are: Charles H., Alexander, Susan, Nancy, Virginia, Bethanie, John W., Phoebe and Edward (twins), Fred, and Emily J. After marriage, Mr. Blanton settled on a farm of ninety acres, which he worked,

and followed smelting lead ore for a number of years. In 1861 he began the trade of a blacksmith, which he has since followed. Then the war broke out he enlisted in the Southern army under Gen. McBride, and participated in the battle of Pea Ridge, a number of skirmishes, and was discharged in 1862. He returned to his home and resumed his trade in Sullivan, where he now owns a good shop and tools, two houses and lots, and has an enviable reputation as a firstclass workman. He is a stanch Democrat, and lends hearty support to his party. Mrs. Blanton is a worthy member of the Methodist Episcopal Church South.

Even though this article lists Sarah Ann Pratt's father as John Pratt, this is the only evidence to support that Henry Pratt is John Pratt. Also, you must take into account that this article was written in the late 1880's and does not give the source of the information contained. All other information about Henry Pratt, marriage record, census, lists him as Henry not John. ## **1888 Goodspeed's Article**

Goodspeeds *History of Franklin, Jefferson, Washington, Crawford & Gasconade Counties, Missouri* 1970, Reprint of the 1888, page 722

John A. Blanton, a blacksmith and wagon-maker, of Sullivan, Franklin Co., Mo., was born in Monroe County, Tenn., May 1, 1830. He is the fourth of fourteen children of Joshua and Bethanie (**HARMON**), and in 1842 immigrated to Missouri with his parents, who settled in Scott County and engaged in agricultural pursuits. He received a very limited schooling in his native State, and alone mastered the English language sufficiently to engage in business for himself. He was married August 10 1851, to Sarah A., daughter of ( *sic* ) John Pratt, an old and honored citizen of Tennessee. Fifteen children were born to this union, seven sons and eight daughters, of whom two sons and two daughters are deceased. Those living are: Charles H., Alexander, Susan, Nancy, Virginia, Bethanie, John W., Phoebe and Edward (twins), Fred, and Emily J. After marriage, Mr. Blanton settled on a farm of ninety acres, which he worked, and followed smelting lead ore for a number of years. In 1861 he began the trade of a blacksmith, which he has since followed. Then the war broke out he enlisted in the Southern army under Gen. McBride, and participated in the battle of Pea Ridge, a number of skirmishes, and was discharged in 1862. He returned to his home and resumed his trade in Sullivan, where he now owns a good shop and tools, two houses and lots, and has an enviable reputation as a firstclass workman. He is a stanch Democrat, and lends hearty support to his party. Mrs. Blanton is a worthy member of the Methodist Episcopal Church South.

[Even though this article lists Sarah Ann Pratt's father as John Pratt, this is the only evidence to support that Henry Pratt is John Pratt. Also, you must take into account that this article was written in the late 1880's and does not give the source of the information contained. All other information about Henry Pratt, marriage record, census, lists him as Henry not John. ## **1924 Burial of David Franklin Miller**

Buffalo Cemetery, Sullivan, Meramec Twp, Franklin, Missouri, United States

## **Email from Joe L. Miller PrinceMio@sio.midco.net 2 August 2010**

*Standard Atlas of Franklin County Missouri Including a Plat Book Compiled and Published by George A. Ogle & Co. Chicago, 1919*

When I went to the State Historical Society in Columbia, they had this book on the shelf. I ordered a negative made from the Atlas, then this print. The negative is in their possession. The original was about 1 x 1.5" and is in the back of the Atlas. This is David Franklin Miller and his wife Susan Lillian (Blanton), daughter of Sarah Ann Pratt. I thought you might like to see it. My great grandfather (his brother), my grandfather, my father and me, all have these eyes. Joe L. Miller

Thanks Joe, I will connect that picture to the tree. When I was in Columbia back in the 1980's, I found the old newspapers really interesting covering the Crawford-Franklin-Washington Counties. I wish they has those on the net so we could read them for obits, family data and other points of interest. Bro. Pratt

## 1860-1880 Death of mother; ( ) Keats

In order to determine the name of Charles' mother, ordering his death certificate should reveal his mother's name. However, on his brother's death certificate they listed Sara Ann Lay as brother John's mother but this is in error since Charles' father married Sarah Ann W. (LAWRENCE) after his first wife and the mother of Charles had already died. Finding his father John Keats in the 1861 English census should list his wife's name who would be the mother of the boys. \_

## **Research Note**

Apparently, this divorce was prompted due to Annie's medical condition. After the separation and divorce, John Pennock went to Kentucky where he remarried in 1897 and Annie reclaimed her maiden name and moved into St. Louis, probably for medical treatment. It appears according to her death certificate that Annie suffered from Septicaemia, which is caused when certain bacteria get into the bloodstream. Without prompt medical treatment, septicaemia can be fatal. People with pre-existing medical conditions are most likely to get septicaemia. Treatment options include antibiotics to kill the infection. Other terms for septicaemia include bacteraemia and blood poisoning.

## **Research Note**

At first, I thought the Cora Belle Blanton at FAG#93801526 was our subject. However, after checking various family trees on ancestry.com someone had done extensive research on her daughter; Mary Helen (**BLANTON**) and there was a birth record for

# Henry Pratt and Descendants

---

this child. The record listed her mother as Cora Corrine Bess Foster. This gave us the names Corrine and Bess. Family researchers told me her middle name was Belle. Finding a Cora Foster Carter death record for 29 Decmber 1957 in the California Death index with a real close matching birth date indicated that she had remarried to a \_\_\_\_\_ Carter. Since she died in Colusa County, California, checking the 1940 census revealed a divorced Cora G. Carter born 1881 in Missouri. However, this is where the problems begin to mount.

Back tracking to the 1930 census I find a George and Grace C. Carter living in Colusa County, California on 24 April 1930. This might appear to be our girl but we already have our Cora in the Los Angeles, California, 1930 census of 5 April 1930 living with her son; Orville Blanton. This means that George and Cora would have had to have been married after the 5th of April 1930 and before the 24th of April 1930 census date. Sounds good but...this George and Cora were already married by the 1920 census of Colusa County, California.

I would dismiss the Cora Carter whom died in 1957 as the wrong person and the Cora Blanton who died in 1938 as the correct person except for one major detail. On the California Death Index it states that Cora Foster Carter's maiden name was Foster and she was born 20 February 1881 in Missouri.

There seems to be two Cora Fosters born circa 1881 in Missouri. Since the Cora in the 6 June 1920 census living with spouse; James Edward Blanton and the Cora G. Carter living on the 5 January 1920 census living with husband George Carter can not be the same person, then I really don't know who she is after the 1930 census and when she died. Ordering both woman's death certificates is the only way to determine whom is whom. Floyd Thomas Pratt F.H.C., M.A.G.I. 2013

### 1837 Birthblock for John Absalom Pratt Sr. son of Henry & Nancy (CARTER) Pratt

John Absalom Pratt was born in Monroe, Tennessee, United States on 4 January 1837.

Date from the 1840 census states he was born 1835-1840.

Date from the 1850 census states he was born in 1838 in Tennessee.

Date from the 1860 census states he was born in 1839 in Tennessee.

Date from the 1870 census states he was born in 1838 in Tennessee.

Date from the 1876 census states he was born 1831-1855.

Date from the 1880 census states he was born in 1836 in Tennessee.

The date from headstone states his birth as 4 January 1834.

[Since his mother listed his age as 12 in the 1850 census, then his birthdate should be 1838, Also Sarah Ann is listed in the same census as being older than John. Therefore, he was probably born on 4 January 1837.]

Confusion seems to exist concerning John Pratt's middle name. This is the proof I offer for his middle name being Absalom.

[1] Elbert S. Blanton's obituary dated May 15, 1913, lists a number of children that survive and the article lists two of Elbert's sisters; Mrs. John Allen Sr. and Mrs. John Pratt Sr.

[2] We know Mrs. John Allen Sr. was Elizabeth ( **BLANTON** ) daughter of Absalom and Cynthia (**PRATT**) Blanton and Elizabeth's sister; Mary Elizabeth "Betsy" Caroline (**BLANTON**) married John A. Pratt Sr.

[3] Since Mary Elizabeth "Betsy" Caroline ( **BLANTON** ) is Mrs. John A. Pratt Sr. and we know they had a son John A. Pratt, then the John Absalom Pratt that married Phoebe (**BLANTON**) must have been junior.

[4] Therefore, John A. Pratt senior's middle was Absalom also.

[5] For further information read Elbert Sevier Blanton's notes for the obituary.--Floyd Thomas Pratt

[There is an Absalom Bunton in Sumner County Tennessee. He could be Absalom's family according to William Blanton of Norwood, MO. But, I don't think so. A few doors up is a Thomas Bunton and family. So if the Bunton was a mistake and should have been a Blanton then why two people on the same page with the same mistake? Hardly any of the age records of the Bunton family match up to Absalom's family especially the 10-14 year old daughters since Absalom was married in 1825. According to the records, Absalom was in Greene Co., TN from 1825 (married) to October 30, 1830 when he was making inventory purchases at Nathan Carter's estate settlement. So, I think Absalom was still in Greene County Tennessee but was missed by the censustakers.]

Once again Absalom managed to elude the census takers and fails to show up in Franklin County where he was living in 1840. I have a theory as to why he tried to disappear from the 1830's to the 1840's...I believe it was because his wife, Cynthia ( **PRATT**) was a Cherokee princess as told by Blanton descendants. If she had fallen into the wrong hands during those turbulent years, she could have suffered bodily harm and her family could have been in danger. Nevertheless, Absalom Blanton & family were living outside Sullivan, Franklin, Missouri, United States by 1840. Verification of date of death and burial location of Cynthia should be obtained from the local  
newspapers at the time of death. Absalom Blanton was a prominent businessman and  
employed many of the locals in his mining operations throughout the area. His mansion  
mentioned in several publications gives credence to his affluent and properous lifestyle. When I  
checked the newspapers of the Sullivan and surrounding areas back in the late 1970's and

early 1980's, I did not know as much as I do now and overlooked key elements that I was not aware would be of value and interest to the Blanton-Pratt family history research community. Now, it is your turn to dig into those newspapers and extract the valuable and needed information to verify and answer some of the mysteries of these families.

[This property is located right in the middle of the Meramec State Park. When the Corp. of Engineers were going to put in a dam in the early 1970's they bought all the property from landowners in and around the park which was to be flooded by the proposed lake. After the project was defeated by the local citizens, the government failed to return the property to private hands but kept the best land and expanded the Meramec State Park to its present boundaries.]

## **1852 Father's marriage of widower; Abraham Absalom Blanton and widow; Nancy (CARTER) Pratt**

[1] Crawford County, Missouri Marriage Record Book "I", page 208 21 March 1852  
Absalom Blanton and widow Nancy (CARTER) Pratt were married on 21 March 1852.  
Groom from Washington County, Missouri.

## **Research Note**

This marriage was probably a marriage of convenience. Absalom and Nancy were white with no native ancestry whereas, their children were ½ Cherokee. After the death of spouses; Henry Pratt; full blooded Cherokee and sister Cynthia ( PRATT) Blanton; full blooded Cherokee, then Absalom and Nancy found themselves still interacting with their children whom had intermarried through 5 connections. Henry had died after the birth of his daughter; Matilda in 1841, and I presume he may have been the one mentioned in the diary of David Staples as they recorded on the way out to the 1848-1849 gold rush in California. David Staples diary stated, *"On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, a party....returning having lost a husband father and friend of Cholera."* Who this was and the party that returned is not mentioned. But, on June 8th, George Winslow died in Nebraska from cholera. David Staples and party continued on to California and in 1862 was one of the founders of the Fireman's Fund Insurance Company, in San Francisco." [See C2G Profile for Henry Winslow "Win" Pratt for complete details.] Cynthia died between 1850-1852. With such a rich history of family ties and coupled with the convenience of Absalom

Blanton's large mansion house and well to do financial circumstances, then this marriage seemed convenient for both parties and I am sure was accepted by the children with astounding approval.

This person; Malinda Jane (**PRATT**) is a particular problem to me.

[1] Her death certificate claims she is the daughter of John A. Pratt and Caroline (**BLANTON**), however, I am having a hard time placing her with that family.

[2] If she was born between 1853-1858 then why doesn't she show up in the 1860 or 1870 census with the John A. Pratt family?

[3] At first I thought the censustaker had mistaken her and she was Lorinda J. (**PRATT**) born 1856 and is in the 1860, 1870 and 1876 census with her family...until I discovered the 1876 Missouri State census of Franklin County and found Lourinda J. living with John & Caroline Pratt and next door was Isaac Campbell with his wife Malinda age 18-21. This would put Malinda's birth between 1855-1858. But, she could not be Lorinda daughter of John A. & Caroline (**BLANTON**) Pratt who is living and listed with her parents in the same census next door! Therefore, Malinda Jane (\_\_\_\_) and Lorinda J. (**PRATT**) are two different people.

[4] Now with this new evidence, I can not find Isaac and her marriage record. Nor can I find them in the 1880 census. In fact, prior to the 1876 census she does not show up. And when she does show up in the 1876 census there are 3 girls with her and spouse...Isaac; step-daughter; Kaada born 1855-1858, step-daughter; Mary born 1858-1868 and step-daughter; Nancy C. born 1867-1876. They are Isaac and Martha (**BRYANT**) Campbell's children from his previous marriage.

[5] Looking at the 1900 census Malinda says she was born March 1855 and her daughter, Nancy J. is listed as being born March 1882...many years after the Nancy C. in the 1876 census.

[6] Three of her children's death certificates list her as a child of John A. & Caroline (**BLANTON**) Pratt, but if that is so then where is she prior to the 1876 census?

## **1874 to 1876 Marriage of Isaac Campbell and Malinda Jane (PRATT)**

Once again this marriage record for Isaac eludes us. It was customary for marriages to take place at the bride's parents residence. If this is the case then Malinda was married at Sullivan City, Meramac Twp, Franklin, Missouri, United States. Since the 1876 Missouri state census shows them together and living next door to her parents, then they were obviously married before 1876. Newspapers may have a clue.

## **1850-1855 Marriage of Isaac Campbell & Martha (BRYANT)**

The 1860 census indicates his wife Martha is 19 years old. Since there are no children at that time, then logically speaking it looks like she married when she was between 15 to 19 years of age. Because Pulaski County lost all their marriage records then maybe newspapers would have her name and exact date.

Hello All...for those of you who have an interest in Burton Cain whom married Lula Elizabeth "Bettie" (**PRATT**) on 7 January 1894 in Franklin, Missouri, United States I would like to be the first to inform you that after 4 hours of research I have made a connection to his parents.

For those of you who have tried to find out his parents I am sure you know the difficulty that we were facing.

But, by collecting all the Cain, Cane, Kain, Kane families in Franklin County and eliminating potential parents I discovered by accident, or as some of you may say, good sound research techniques...found his parents.

It began by discovering the 1876 Missouri State Census which listed the following...

## Henry Pratt and Descendants

---

Meramec Twp, Franklin, Missouri, United States, image 18

**CANE**, James 21-45; James B. 18-21; Burton 9 & under; Hall 9 & under; William 10-18;

Assuming the James Cane was his father, I connected all the Canes in ancestry.com to discover James was not his father.

However, I discovered that Jesse & Martha (**RICHARDS**) Cain had sons and by checking each and everyone of those sons and their children I found that Jesse's son, James Burton Cain married Debbie "Lovey" (**JACKSON**) and had a son named James Polk or K. Cain born 1850.

However, James Polk Cain did not have a son named Burton Cain born between 1867-1876 or a son named Hall Cain born 1867-1876.

However by checking James & Debbie's other sons, I found a son named Washington Cain born 1849 had married a woman by the name of Frederica born 1849 in Maine and finding him in the 1870 census disclosed that Washington & Frederica (\_\_\_\_\_) Kane had two sons; Burton born 1867 and a son named Hall born 1870 in Meramec Twp, Franklin, Missouri, United States.

I had noticed at the time of the 1876 Missouri state census there was a Ebenezer Hall family living next door.

Connecting the dots we end up with Washington (1849-1870/1876) & Frederica 1849-1870/1876) (maiden name unknown at this time) Cain were married circa 1865-1866 and had at least two children. Burton born 1867 and Hall born May 1870 both born near Stanton Post Office, Meramec Twp, Franklin, Missouri, United States.

Of course, having just discovered this, I haven't filled in all the blanks as of yet, but as some who are interested we know that after his marriage, Burton died after son Burton Alexander Cain was born in 1897, so we don't know exactly where he is buried.

Widow; Lula Elizabeth "Bettie" (**PRATT**) Cain went on to marry Louis Gumpenberger in August 1901 and after a divorce married Alfred Lahmann in November 1901.

I have posted Lula's C2G on ancestry.com at \_

PS: Of course, you know that you need to see the Sullivan newspapers for 1891-1900 to find a death notice for Burton Cain and don't forget all the name variations.

Lula next married **Alfred Lahmann**, son of **George Lahmann Sr.** and **Rhoda "Roda" Martha**, on 28 November 1901 in Sullivan, Meramec Twp, Franklin, Missouri, United States. Alfred was born on 18 November 1879 in Sullivan, Meramec Twp, Franklin, Missouri, United States, died on 25 April 1942 in 1917 West Olive, Springfield, Greene, Missouri, United States at age 62, and was buried on 28 April 1942 in Greenlawn Memorial Gardens, Springfield, Campbell Twp, Greene, Missouri, United States.

## **Research Note**

We located this family in the 1876 Missouri State census of Meramec Twp, Franklin, Missouri, United States thereby, establishing their residency in Franklin County, Missouri. Checking the deed records of Franklin County might reveal where and when George Sr. bought property thereby revealing the birth location of the children. ## **1838 Birthblock for Mary Elizabeth (PRATT) daughter of Henry & Nancy (CARTER) Pratt**

Mary Elizabeth (**PRATT**) was born in Monroe, Tennessee, United States in August 1838.

Date from 1840 census states she was born 1836-1840.

Date from 1850 census states she was born 1839 in Tennessee.

Date from 1860 census states she was born 1840 in Tennessee.

Date from 1870 census states she was born 1835 in Tennessee.

Date from 1880 census states she was born 1837 in Tennessee.

Date from 1900 census states she was born August 1836 in Tennessee.

Date from a newspaper death notice states she was born

Date from the funeral home records states she was born

Date from the headstone states she was born

Date from the obituary states she was born

Since Nancy, her mother listed Mary as 11 years old in the 1850 census then I am inclined to believe she was born either before they left on the "Trail of Tears" in September 1838 or after they had arrived in Missouri in March of 1839. If her brother; John was born 4 January 1838 then Mary could not have been born in March 1838. Since she is one year younger than John I suspect that John was born in 1837 and Mary was born in August 1838. Since she was so adamant about being born in Tennessee and reports the same in 5 census reports over a period of 50 years, then I must conclude that she was born in Monroe, Tennessee, United States in August 1838 before they were forced on the "Trail of Tears".

## **1838 Forced Move "Trail of Tears"**

A full account of the Henry Pratt family is in my book "**Henry Pratt Family of Greene County, Tennessee**". In this book, I give a full detail of the "Trail of Tears" episode and it is a lengthy discourse. Because of its length, I will not go into it here but suffice to say, due to Henry Pratt's Cherokee ancestry, the government forced him and his family on the "Trail of Tears" in September 1838 and they jumped the trail in March 1839 and settled first in Crawford County

moving to Richwoods Twp of Washington County, Missouri area by the 1840 census.-Floyd Thomas Pratt

## **1939 Arrival in Missouri**

After a long cold, hard winter the Pratt's found a way to escape from their military escort and followed the creeks from the "Trail of Tears" or what is now known as highway 8 in Crawford County, Missouri and settled 12 miles north in Crawford County before moving into Richwoods Twp, Washington, Missouri by the 1840 census. They began to make friends with other "exiles" who were also in hiding from the government. A local family, the Rinard (Rhinehart) Kimberlin(g) family befriended the Pratts and was instrumental in helping the Pratt family to adjust to their new home life. Also, the Absalom Blanton family helped the Pratts and intermarried, which was Cherokee tradition. More in the book "**Henry Pratt Family of Greene County, Tennessee**" (2003) by Floyd Thomas Pratt 2008

## **1839 Good Friends**

### **by Floyd Thomas Pratt F.H.C., M.A.G.I. 2008**

It should be noted here that Rinard Kimberlin was a good neighbor and a friend to the Henry Pratt family. When the Pratts arrived in eastern Crawford County in March 1839, they moved into Richwoods Twp, Washington, Missouri after their ordeal on the "Trail of Tears". They settled near the Kimberlins and struck up a good friendship. When James Pratt married Rinard's daughter, Catherine in 1847-1848, James probably told Rinard that he wanted a piece of property near Rinard or Catherine told James to buy some property near her parents either way, **it was against** the law for indians to own or buy land. Rinard bought the land, the James Pratt family settled on from Firmin Desloge and 3 weeks later sold 24 acres of the 105 acres to his son-in-law, James Pratt.

Rinard did the same for his daughter, Mary after she married Alexander Pratt...James' brother. After James became a property owner it was easier for James and Alexander to pass themselves off as a white man even though they were ½ Cherokee. This led to Alexander's land purchase two years later in May 1856 from William & Martha Hughes which he later sold to the Ambrose Marion Pennock family from Ohio in 1859.

Matilda Jane "Janie" (**PRATT**) was born in Richwoods Twp, Washington, Missouri, United States on 20 October 1841.

## **1841-1850 Death of father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" (**PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander

R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 Crawford County census like son; Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to my old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **1831-1838 Commentary**

According to Elbert Sevier Blanton Sr.'s obituary, it states that his parents brought him to Missouri when he was less than a year old. This means all of Absalom's and Cynthia's children born after 1831-1832 were born in Missouri, because Elbert was born in 1831. However, Absalom purchased 40 acres in Franklin Co., MO in 1838. Once again Absalom managed to elude the census takers and fails to show up in Franklin County where he was living in 1840. I have a theory as to why he tried to disappear from the 1830's to the 1840's...I believe it was because his wife, Cynthia ( **PRATT**) was a Cherokee princess as told by Blanton descendants. If she had fallen into the wrong hands during those turbulent years, she could have suffered bodily harm and her family could have been in danger. Nevertheless, Absalom Blanton & family were living outside Sullivan, Franklin, Missouri, United States by 1840. ## **Research Note**

Verification of date of death and burial location of Cynthia should be obtained from the local newspapers at the time of death. Absalom Blanton was a prominent businessman and employed many of the locals in his mining operations throughout the area. His mansion mentioned in several publications gives credence to his affluent and properous lifestyle. When I checked the newspapers of the Sullivan and surrounding areas back in the late 1970's and early 1980's, I did not know as much as I do now and overlooked key elements that I was not aware would be of value and interest to the Blanton-Pratt family history research community. Now, it is your turn to dig into those newspapers and extract the valuable and needed information to verify and answer some of the mysteries of these families.

## **1852 Father's Marriage of widower Absalom Blanton and wWidow Nancy (CARTER) Pratt**

Absalom Blanton and widow Nancy (**CARTER**) Pratt were married on 21 March 1852.  
Groom from Washington County, Missouri.

## **Research Note**

This marriage was probably a marriage of convenience. Absalom and Nancy were white with no native ancestry whereas, their children were ½ Cherokee. After the death of Henry Pratt; full blooded Cherokee and Cynthia (**PRATT**) Blanton; full blooded Cherokee, then Absalom and Nancy found themselves still interacting with their children whom had intermarried through 5 connections. Henry had died after the birth of his daughter; Matilda in 1841, and I presume he may have been the one mentioned in the diary of David Staples as they recorded on the way out to the 1848-1849 gold rush in California. David Staples diary stated, *"On May 27th, Staples wrote of Indians, mule trouble, double-teaming the wagons through the wet prairie, a*

[See C2G Profile for Henry Winslow "Win" Pratt for complete details.] Cynthia died between 1850-1852. With such a rich history of family ties and coupled with the convenience of Absalom Blanton's large house and well to do financial circumstances, then this marriage seemed convenient for both parties and I am sure was accepted by the children with astounding approval.

## MICHAEL EDWARD DACE

Michael Edward Dace was born October 23, 1861, and departed this life November 30, 1939, aged 78 years, 1 month, and 7 days. On April 30, 1893 he was united in marriage to Miss Sarah Ann Blanton. To this union six children were born, three girls preceding him in death. He leaves to mourn his departure his wife and three children, J.M. Dace of Sullivan, O.E. Dace of Pacific, and Mrs. Elizabeth Summers of Shirley, Mo., also two brothers, T.D. Dace, Wm. Dace, and one sister Mrs. Maggie Marlow, ten grandchildren and a host of other relatives and friends. Mr. Dace professed a hope in Christ in early life and joined the Missionary Baptist Church and was a member of same at the time of his death. The writer has known Mr. Dace for about 22 years, he and his family having moved to Brazil, Washington Co., in the year 1911. To those that are left to mourn his departure, only rely on God's promises and realize that though , you can't bring him back, you can go to meet him in the great beyond where there will be no weeping, no seperation, all will be peace and happiness. May God's richest blessings rest upon all of his kindred and family. Written by one of Mr. Dace's old neighbors, F.E. Hill, Sullivan.

ORE MINE: The Iron Ores, p344, "Hematities of the Filled Sinks", "Blanton Specular Mine"

*"Some rounded surface ore, mostly small, is found here, on three spurs of a low ridge. The spurs point about north and strata of solid sandstone crop out at foot of each. A hole, dug fifteen feet deep on the top of the most eastern spur passed through drifted, sandy detritus, with little ore, then struck a layer of chert. This bank is on a hill thickly covered with detritus, through which single pieces of specular ore are unequally distributed. The ore itself is of good quality."*

Date from 1850 census states she was born 1842 in Missouri.

Date from 1910 census states she was born 1841 in Missouri.

Date from her death certificate states she was born 20 October 1841 in Washington County, Missouri.

## **1841-1850 Death of father; Henry Pratt**

Death of Henry Pratt calculated to be between 1841 and 1850. This deduction derived from the presumption that he conceived his last known child; Matilda Jane "Janie" ( **PRATT**) who was born according to her death certificate 20 October 1841. Going back 9 months from her birth date indicates he was alive February 1841 if... Matilda's birth date is correct. His son; Alexander R. Pratt told his son; Carac Pratt who told his son; Orville Carac Pratt, who told me that Alexander had gone to California in 1848-1849 during the gold rush. Maybe Henry went with the group but he does not show up in the 1850 Crawford County census like Alexander does. I have checked available newspapers for that time period but have found no references to Henry Pratt. One of my mentor researchers; Geraldine Mabel ( **MILLER**) Reed said that she thought she had seen a court report in one of those books in the Crawford County Courthouse that mentioned Nancy Pratt, widow of Henry Pratt receiving a cash allotment from the County Court. She could not remember where it was or anything more about it. I looked for it when I was at the Courthouse but there are so many books...hundreds that have not been documented but just piled up in the vault that I could not cover all of them and had no time, or luck in finding any information about Henry Pratt. Therefore, Henry Pratt could have died on his way to California or on his return to Missouri. After his death, his widow, Nancy ( **CARTER**) Pratt moved from Richwoods Twp, Washington, Missouri to be near her daughter; Susanna Rebecca ( **PRATT**) Hansel family in Boone Twp, Crawford, Missouri. In 1852, Nancy married widower, Absalom Blanton in Crawford County. Regrettably, due to old age, I must leave the mystery of Henry Pratt's death for the next generation to solve.-Floyd Thomas Pratt 2008

## **1841-1850 Family Move**

Nancy Pratt and family moved from Richwoods Twp, Washington, Missouri, United States to District 24, Crawford, Missouri, United States between 1841-1850. After the death of Henry Pratt, Nancy moved near her daughter's family; Henry H. & Rebecca Susanna ( **PRATT**) Hansel family near the New Rock Church area in Boone Twp, Crawford, Missouri, United States.

Notice that in the occupation section of the census the census taker wrote "widow" not the usual and customary "farmer". This supports my conclusions that the Pratt's were Cherokee and not farmers.-Floyd Thomas Pratt]

Date from 1880 census states he was born 1837 in Missouri.

Date from 1900 census states he was born February 1837 in Missouri.

[He was either born on the "Trail of Tears" or was already in Franklin County, Missouri by 1837. Due to his consistency of stating he was born in Missouri in the census records, I believe his family was already here in Meramec Twp, Franklin, Missouri, United States by the time he was born. According to Elbert Sevier Blanton Sr.'s obituary (his brother), it states that his parents brought him to Missouri when he was less than a year old. This means all of Absalom's and Cynthia's children who were born after 1831/32 were born in Missouri, because Elbert was born in 1831. However, his father, Absalom purchased 40 acres in Franklin County, Missouri in 1838.]

## **1839 Childbirth of brother; William Wesley Blanton**

William Wesley Blanton was born in Meramec Twp, Franklin, Missouri, United States in March 1839.

## **1840 Federal Census age 3**

Once again Absalom managed to elude the census takers and fails to show up in Franklin County where he was living in 1840. I have a theory as to why he tried to disappear from the 1830's to the 1840's...I believe it was because his wife, Cynthia ( **PRATT**) was a Cherokee princess as told by Blanton descendants. If she had fallen into the wrong hands during those turbulent years, she could have suffered bodily harm and her family could have been in danger. Nevertheless, Absalom Blanton & family were living outside Sullivan, Franklin, Missouri, United States by 1840. ## **1850-1852 Death of mother; Cynthia (PRATT)**

Cynthia (**PRATT**) Blanton died in Johnson Twp, Washington, Missouri, United States between October 30, 1850 from the census date and March 21, 1852 the date of her husband's 2nd marriage.

## **Research Note**

Verification of date of death and burial location of Cynthia should be obtained from the local newspapers at the time of death. Absalom Blanton was a prominent businessman and employed many of the locals in his mining operations throughout the area. His mansion mentioned in several publications gives credence to his affluent and properous lifestyle. When I checked the newspapers of the Sullivan and surrounding areas back in the late 1970's and early 1980's, I did not know as much as I do now and overlooked key elements that I was not aware would be of value and interest to the Blanton-Pratt family history research community. Now, it is your turn to dig into those newspapes and extract the valuable and needed information to verify and answer some of the mysteries of these families.

## **Research Note**

Concerning her name, in the 1870 & 1880 census she is Ava C., in the 1900 census she is Ava, in the 1910 census, death certificate, and obituary she is listed as Ada. So, we really don't know what her parents intended. Concerning her birth, I would intend to believe her parents that she was born in January 1870 as indicated in the 1870 census. Where the 13 January 1862 date came from is strange, especially since her parents were married on 24 January 1869 in Washington, Missouri, United States.

Jesse Blanton was born 11 Aug 1869 in Missouri and died 20 Jul 1911 at Vandeventer & Kentucky Ave., St. Louis, Missouri. His parents are Henry H. Blanton and Matilda Pratt both born in Missouri. He was buried 23 July 1911 at Steelville, Crawford Co., Missouri. The informant was the Coroner's office.

## **Research Note**

Since Jesse is not with his family in the 1910 census, and I can not locate him in the 1910 census and he died in 1911, then it appears he was ill and was separated from his family and probably hospitalized. I googled the location of his death at Vandeventer and Kentucky Avenue and the sources said that the Vertern Administration bought the property in 1947. What was located in that area during 1911 is unknown. Checking the old 1911 city directories of Saint Louis might reveal what was at that location during his death. His death certificate states he died of heart disease and was treated by a Dr. Clement Schnuser at 713 Vandeventer Avenue. However, the informant on the death certificate was the coroner; T. L. Carriet M.D.

## **1911 Death of spouse: Jesse Van Buren Blanton**

Jesse Van Buren Blanton died at Vandeventer & Kentucky Ave., St. Louis (city), Missouri, United States on 20 July 1911.

## **Research Note**

Since Jesse is not with his family in the 1910 census, and I can not locate him in the 1910 census and he died in 1911, then it appears he was ill and was seperated from his family and probably hospitalized. I googled the location of his death at Vandeventer and Kentucky Avenue and the sources said that the Vertern Administration bought the property in 1947. What was located in that area during 1911 is unknown. Checking the old 1911 city directories of Saint Louis might reveal what was at that location during his

death. His death certificate states he died of heart disease and was treated by a Dr. Clement Schnuser at 713 Vandeventer Avenue. However, the informant on the death certificate was the coroner; T. L. Carriet M.D.

entrance of the United States into the war, a Kansas City company, known as the Mid Continent Iron Company was formed for the purpose of producing war supplies. In 1914, Midco Plant, abbreviated form of the company name, was erected and E. H. Busick was made manager. Charcoal, wood alcohol, and pig iron were produced. When if full blast, the plant used as much as 240 cords of four foot oak wood a day. Some local iron ore was used, but trainloads of Michigan ore were shipped in. A R. R. track was extended out to the plant and camps from Fremont, a large hotel was erected, and the population was thought to have reached nearly 3,000. The school soon grew to be a two-year high school, and ninety were enrolled in the first grade. Many investors became bankrupt. The government took control and invested large sums during the war. Little now remains but the old ruins and the tall chimney of the old smelter. The post-office, Midco, named for the plant, was established prior to 1918. Midco was located in Sections 22 & 27, Township 27 N, Range 2 W, at the end of Highway Y. A cemetery is shown at Section 26, while a building is shown in Section 22, which adjoins 26 on the north.

## Your Author's Pedigree; Floyd Thomas "Tom" Pratt

[illegible]

## A Little Something About Your Author.....

*Floyd Thomas Pratt, F.H.C., M.A.G.I.*

At the age of 19, Tom Pratt embarked on a career in law enforcement. This experience gave him training in detective and investigative skills. Little did Mr. Pratt know, how useful these skills would be in the field of genealogy.

Tom Pratt started his family research career in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints. His first calling as a new member was to serve in the newly created genealogical department or known today as the Family History Center in the Springfield, Missouri ward. This two-year calling gave Mr. Pratt a tremendous amount of experience helping others to research their families.

In fact, he felt family research came easy and required little effort on his part. In reality, years of reading and studying increased his expertise and he made it look easy to others.

Over the course of several years, Mr. Pratt was asked by his church to instruct several family history courses. This experience established a deep profound love for family and ancestors.

It was not uncommon for Mr. Pratt to spend 4 to 8 hours a day researching and compiling family histories in addition to his duties, as an entrepreneur in the insurance business.

The first major achievement for Mr. Pratt was a breakthrough on his Pratt family back to the early 1800's. Not satisfied with just the direct line research, Mr. Pratt branched out to research all connected lines and allied families.

This dedication led to 42,000 individuals and achieved expert status for Mr. Pratt on the families of middle and eastern Missouri, eastern and western Tennessee and central North Carolina.

Concerning Mr. Pratt's style of research, he is a strong supporter of the "hands on" approach. When he took family vacations, they usually went to libraries, cemeteries, courthouses, National Archive centers, and visited family members in various states. He attended multi-state family reunions and obtained his material from the actual sources when possible.

# A Little Something About Your Author.....

Being a researcher of the highest degree, in 1991, Mr. Pratt formed the Pratt Publications Company and offered to the public, a series of books titled, The Pratt Progenitor Papers. This series of volumes are a collection of legal documents, stories, pictures and historical presentations concerning the families of Missouri, Tennessee and North Carolina.

The first three Volumes were released to the public in 1991 and were issued to 18 different libraries including the Library of Congress and the St. Louis Public Library. The next 7 volumes were published with at total of 43 volumes scheduled for publication.

In 1996, Mr. Pratt formed the Genealogical Institute to further the education of serious researchers.

The Genealogical Institute offers a series of educational materials to teach and instruct the uninitiated in the procedures of family history research. These courses offer "a hands on" curriculum designed to instruct in investigative, deductive reasoning and logical procedures for tracking your family history.

Beginners and experienced researchers have found a treasure chest of knowledge when undertaking these courses. Mr. Pratt has taken the hobby of genealogy and has enhanced it into a science. Heavy on instructions concerning documentation, research procedures, alternative sources and common public records, this course is a valuable tool for the researcher. One of Mr. Pratt's favorite sections of the course is teaching researchers "how to stop" researching and compile their information for publication.

Upon completion of the educational courses from the Genealogical Institute, the graduate is awarded the **Master Accreditation of the Genealogical Institute. (M.A.G.I.)**

This designation is equivalent to a Doctorate Degree and signifies the recipient has been trained and demonstrated superior research techniques.

Mr. Pratt's ability in family history research has amazed many educated researchers. When Mr. Pratt is asked for help concerning their "brick wall" in their family research, his quick wit and logical mind rapid fires instructions and procedures so fast they cannot write the material quickly enough. Little do they realize this knowledge has been acquired over 30 years of experience and research.

In June of 2000, Mr. Pratt undertook a new and unprecedented task.

Outside of Washington, Franklin County, Missouri is an old cemetery called the Johnson-Caldwell Cemetery. This cemetery has many pioneer heroes and ancestors of various descendants from that region. Some of the inhabitants were born in the 1750's and traveled west to Missouri after the 1803 Louisiana Purchase.

# A Little Something About Your Author.....

Mr. Pratt took down all the information off the headstones, including every person in the cemetery and researched each individual related or not. 1000 man-hours and two years later, he published the book "Johnson-Caldwell Cemetery of Franklin County, Missouri"© 2001.

Obtaining newspapers, legal documents, personal interviews with ancestors and researching various sources for any and all information concerning the history of the cemetery and the inhabitants produced this master text. What makes this book stand out among the rest is basic content and structure.

First, it is the only book to cover the known and reported inhabitants of an entire cemetery.

Second, this book reports on each inhabitant, their birth and activities throughout their life until their death, including their ancestors, spouses and children.

Third, even the index is unique, listing the individual and their father's name if known. This is extremely helpful when several individuals have the same given name.

Upon examination, professional researchers have hailed this body of work as a masterpiece and a standard in which all future research of cemeteries should be based. In their opinion, no one has ever produced a body of work about a cemetery as unique and professional as this publication.

Currently, Mr. Pratt is working on a series of books from the [Pratt Archive Collections](#), which is a series of biographical publications concerning a progenitor and a generation of descendants. This collection is a "cradle to grave" report, which covers the subject's ancestry, birth, marriage, children, and geographical domiciles as well as the political environment during the subject's lifetime.

In addition, Mr. Pratt is working on additional volumes of the Pratt Progenitor Papers and several books on public records.

With all these accomplishments, Mr. Pratt humbly refers to himself as a Genealogical Anthropologist...resurrecting progenitors.

We in the genealogical world are deeply grateful to be associates of a man of Mr. Pratt's caliber. Through his dedication to helping the novice as well as the professional researcher, future generations will benefit by his advances in the genealogical field.

In addition, we are thankful for the inspiration that sparks men like Mr. Pratt to magnify their love for people and history. We feel, with a lifetime dedicated to the genealogical pursuit of truth and knowledge, Mr. Pratt's accumulative body of work, will stand as a quintessential manifestation of this divine love.

Lewton Cole, Chairman  
**Genealogical Institute**

# GENEALOGY ETIQUETTE

1. Do not give copies or reproduce the information you received from the compiler or author without written permission.
2. In your research efforts, if you are able to advance the research, then reciprocate by sharing your research information with the compiler.
3. Use the information you receive as a starting point for your research of your families.
4. If you decide to use information you have received, in a book, document or research material, be sure to acknowledge the author or compiler of that material.
5. All inquiries by third parties for a copy of the material should be forwarded to the original compiler or author for written permission.
6. Do not loan or share your information, family heirlooms, special documents, one of a kind, pictures, or irreplaceable materials to non-professional researchers or family members. These types of materials seem to disappear or become damaged.
7. Make copies of important documents or materials when at libraries and be sure to write the name of the book, source, letter or film with the author's name and page number and year of publication.
8. Genealogy work that is not documented is of little value. Remember, you are leaving a trail for those who follow. If future researchers have to verify your work, then of what value is your work?
9. Collect family stories from those relatives who are still alive. This is a short cut to your past and they hold a world of knowledge about your family.
10. Do not try to finance all your research alone. Ask for financial assistance from interested family members.

Remember, the family history information that is so easily exchanged today by computer was acquired over years and years of on-site research. While many were engaged in raising families, working for income, and surviving, genealogist researchers did these things **AND** spent their free time in pursuit of the truth about their ancestors. This pursuit required great sacrifice of time, effort and money. Many researchers went to the actual locations to view the marriage, deed, death and birth records including visiting the cemeteries across the United States and foreign countries. This is why it is important to follow the above guidelines; by doing so, you give respect to their work and honor to their memory. Thank You.

**“Pratt Progenitor Papers: Volume 7 Levi Carter Sr. and Descendants”**  
**By *Floyd Thomas Pratt F.H.C., M.A.G.I.* © 1992 revised 2010**

I began my family history research in 1975 after becoming a member of the Church of Jesus Christ of Latter Day Saints.

After researching Levi Carter Sr.'s family for 16 years I wrote my first book about him and his family in 1992. That 126-page book covered all I knew and all others knew about him and his family.

Since then, an explosion of documented evidence has been researched and with this new information and requests from many Carter researchers, necessitated a new and updated version of the Pratt Progenitor Papers: Volume 7 of the Levi Carter Sr. and Descendants be written. This is that update.

Extrapolating information from various documented sources follows the history of the Carter clan from New Jersey to Pennsylvania, through the Virginia frontier settling for a short time in North Carolina.

Participating in the Revolutionary War eventually settling in Washington County, North Carolina 1780-1781, later to become Greene County, Tennessee.

Levi and wife; Susanna began to raise a large family in Greene County, Tennessee. With eight possibly 9 known children the Levi Carter family became a dominant force in the eastern Tennessee area.

This book contains the famous Cradle to Grave (C2G) Profiles for not only Levi and his wife Susanna ( ) Carter, but profiles on each of their children and spouses.

Starting with Levi Sr. this book covers all known descendants for 3 generations, including a 17-page descendancy chart covering 4 generations.

With this book order, is included a folder called “Carter Auxiliary Folder” which contains articles and manuscripts on selected individuals of Levi's descendants. Also, within that folder contains maps and supporting documentation on the Levi Carter family.

Truly a must for any serious Carter researcher.

Produced as a .pdf file, too massive for a paper printed book, this 531-page book will be a treasure in the library of Carter researchers for years to come.

531 pages    formatted as a .pdf file on a cd

**“The Carters of Greene County, Tennessee  
an Early American Frontier Family”**  
**By Dr. John Denton Carter 1981**

This rare and out-of-print book is now available on cd or as an email.

Dr. John Denton Carter after years of study and research presents a history of John Carter Sr. with brothers; one such individual Levi Carter Sr. in a detailed account of their sojourn from New Jersey through the Pennsylvania and Virginia wilderness of the 1770's.

Settling in Surry County, North Carolina, participating in the Revolutionary War and instrumental in the victory of King's Mountain, which led to the surrender of Cornwallis and the defeat of the British.

Eventually settling in Washington County, North Carolina 1780-1781, later to become Greene County, Tennessee. The Carters began to homestead prime Native lands.

Dr. Carter, using literary license coupled with documented facts gives a good account of explaining the Carter advancements on the Native frontier.

Dr. John Denton Carter, obviously with a love of family history, wrote several other books on the subject, **“The Munsey ancestors of Rhoda Munsey Weems Carter (1814-1899), of Russell County, Virginia, and Newton County, Missouri”** in 1969 and **“Rhoda Munsey Weems Carter a pioneer Methodist mother of the upper south”** in 1977.

This publication; **“The Carters of Greene County, Tennessee an American Frontier Family”** contains all the original 53 pages from the book, followed by a summation by Floyd Thomas Pratt.

Contains documented evidence of each locale the Carters lived and Dr. Carter injects local history concerning some key players of the American frontier.

Good reading offering a glimpse into the pioneer mentality of the white American 18<sup>th</sup> century expansionism.
